

BORDER PERENNIALS

Rock Plants and Dwarf Shrubs

1956-57

Carl Starker

Jennings Lodge,

Oregon

INTRODUCTION

I am late — I know it — with the catalog. Having been ill at home or in the hospital from early Nov. through Feb., I find it still a bit difficult to get very much enthused over the garden. But with a combination of a catastrophic Nov. freeze and late excessive wet and cold in Jan. and Feb., I find many of our plants not saleable. Old standbys like alyssum, arabis, and dianthus have either "gone home" or are not in condition for sale. We wish to send out only plants which we would be happy to receive and therefore we are not listing Rhododendrons, Roses, and a host of other material that may have recovered by fall. We hope our next year's list will be enlarged and improved.

We have small amounts of many plants not listed. Write us regarding your needs.

Our selection of English Ferns has increased greatly. They vary considerably in texture and size from small 8 inch specimen plants for the front of the border, to the taller heavily crested sorts for your background plantings. Do plan to visit our fern house, to see the many varieties we have, as they are most difficult to describe in mere words. In June they will reach maturity and can then be seen in all their glory.

Heights given in our descriptions are ultimate sizes. Plants sent out are not usually mature specimens. We can often furnish a variety of sizes at proportional prices to those listed. All dwarf evergreens are grown from cuttings to insure true dwarf character.

Please do read terms of sale carefully! ! We can send larger plants if **you will pay** express charges. **We do not** pay transportation on shrubs and dwarf trees.

Whenever it is possible, we would like to have you visit our garden. We are situated on a paved road one-half block east of the four-lane Portland-Oregon City highway, No. 99-E. If you are approaching Portland from the south, turn to your right at Hull Ave. crossing, which is about a mile north of Oregon City. If you are coming from Portland, turn to your **left** one block **after** you pass the interurban grade crossing at Jennings Lodge. If you become confused, ask anybody in the neighborhood. We have been here 40 years. We live at the garden, so there is almost sure to be someone to welcome you, no matter what time of day you chance to come.

TERMS OF SALE

NON-WARRANTY IS A CONDITION OF ALL SALES MADE. We intend to send out good, clean stock that is true to name, but on account of the great number of conditions over which we have no control, we can assume no responsibility after stock is delivered. If stock reaches you in poor condition, please let us know **at once**, as we can assume no responsibility for any failure which may occur after a lapse of time.

ORDER EARLY. We would suggest that you order early, especially if you wish new or rare plants, as in a good many cases **our stock is limited**, and you may be disappointed if you delay. **Please write your name and address plainly.**

TIME OF SHIPMENT. We make a point of mailing orders as soon as possible after we receive them, so **if there is any reason why you do not want your order shipped immediately, please be sure to inform us, and give the date on which it is to be shipped.**

STOCK. All orders will be filled with good, strong, healthy stock that will be reasonably sure to bloom the first season. **May we substitute?** We may be short of stock.

TERMS. Cash should accompany all orders. No order will be accepted for less than \$3.00. Make checks payable to Carl Starker.

POSTAGE. All states west of the Mississippi, add 20% to help cover postage and packing. Eastern states please add 25%. **We refund promptly** if too much postage is sent and bill you if inadequate postage is allowed on your order.

We can send larger plants if you will pay express charges. **Retail sales only.** We do not have adequate stock for wholesale orders.

NO PLANT ORDERS SHIPPED DURING DECEMBER on account of our Christmas wreath making.

Prices in this catalogue cancel any previous listings.

Our usual custom is to present a major list of our stock only every two years.

PLEASE SAVE THIS COPY.

CARL STARKER'S ALBUM OF ARRANGEMENTS

This newest book by Carl Starker, which came off the press last summer, far surpasses his justly popular and much-read "Western Flower Arrangements." Containing in excess of 300 pages, with more than 200 black and white photographs and 24 plates in natural color—many of these taken by Charles Conkling, outstanding Northwest color photographer—this is a book which any flower-lover would wish to have in his library!

The author has divided the book into the four seasons of the year, plus a special section on Holiday arrangements, and another on the use of dry materials. A horticultural index is included to stimulate the owner in locating ideas to better utilize his materials.

This is a book you will treasure in your home, and one which your relatives and friends will enjoy receiving as a gift, for it will be invaluable to anyone who wishes to beautify his home with flowers.

We heartily recommend this book, and know you'll like it, and want a copy for your home. We will be pleased to autograph copies, if you desire. Price \$7.50 per copy, postpaid.

Copies of our first book "Western Flower Arrangement" are again available at the old price of \$2.50 per copy. This is the 3rd printing. The book contains 100 photos in black and white, none of which duplicate the ones in "The Album," and has 7 chapters on how and what to do. It has long been on required reading lists for judging schools.

Autographed copies will be sent if desired.

FLOWER ARRANGERS SUPPLY SHOP

Due to recent demand we now have a small supply shop for flower arrangers. We have a nice range of good shapes and glazes in containers as well as some figurines, clay, frogs, mats, sea fans, contorted palm fronds, and a wide variety of seed pods and other dry materials. We also stock ribbons, wire and corsage supplies.

We have been very fortunate to find a source of supply of Chinese and Japanese teak and cherrywood bases. We have many other bases in mahogany, fir and other hardwoods.

We now have exquisite Egyptian pewter washed copper, Italian Alabaster and handsome East Indian brass containers as well as Erickson glass and Hyalin porcelains. Recently we have added Swedish and Danish wooden bird figurines.

We have a wide assortment of mats, rectangular or round, made of various materials such as sweet grass, bamboo, reeds, etc., from Hawaii, The Philippines and China.

As yet we have no catalog **but invite correspondence** on this material.

BORDER PERENNIALS, ROCK PLANTS AND ALPINES

Realizing that most gardeners want plants that require no pampering, we have included in our list only a few that are at all difficult to manage. If your space permits, by all means use several plants of one kind, rather than one plant of many kinds. The result will be much more pleasing.

S. indicates that the plant needs a sunny location; S-sh. means that it requires half shade; Sh. means that shade is needed; D. means that the plant will thrive in a dry place, and B. means that it is bulbous.

ACAENA. S. Neat little carpeter with mats of rose-like foliage.

Glauca. Beautiful silver gray leaves. 50c.

Inermis. (Microphylla). Purple-bronze foliage. 50c.

ACANTHOLIMON venustum. S. Dwarf tufted plants somewhat resembling *Armeria* with showy pink flowers. 65c.

ACANTHOPHYLLUM Spinosum. S. D. Tight cushions of spiny foliage, which in late summer produce white sweet-scented blooms. 50c.

ACHILLEA. S. D. Attractive feathery leaves. Good for poor soil.

Argentae. A mass of silvery foliage. White flowers. 4 in. 50c.

Filipendulina. For the border or large rock garden. Feathery foliage and flat heads of bright yellow flowers. 3 to 4 ft. 50c.

Nana. Ferny mats. Flowers white. 2 in. 50c.

Tagyetea. S. Flat lemon yellow flowers. June to Aug. 15 in. 50c.

ACONITUM Anthora. S-sh. Handsome 18 in. Monkshood with clear yellow flowers. 50c.

ACORUS Gramineus Pucillus. S. Attractive tufts of shiny grass-like foliage. 4 to 6 in. 50c.

Gramineus pucillus variegatus. Attractive tufts of green and white striped grass like foliage. 4 in. 50c.

ACTINEA herbacea. S. Brilliant yellow daisy like flowers borne singly on 8 in. stem. 50c.

AJUGA. Bugle Flower. Sh. Attractive ground cover with rosettes of foliage. 4 to 6 in. 50c.

Brockbankii. Dark, bronzy metallic leaves. Blue flowers. 50c.

Metallica Crispa. Thick curly leaves with a dark metallic sheen and sapphire blue flowers. 60c.

Pink Spire. Clear pink blooms. Bright green leaves. 7 in. 50c.

Reptans alba. A new form with snowy white flowers. 50c.

Starker hybrid. Green foliage and brilliant blue flowers. 50c.

Collection of 4 — Our choice — \$1.50.

ALLIUMS

The flowering onions are excellent garden subjects, and also make fine flower arrangement material, for they remain fresh for a surprisingly long time after they have been cut. They are easy of culture, and will do well in any sunny spot which has fairly good drainage. The varieties we offer are all quite distinct.

Albopilosum. Large round heads of silvery lavender flowers, quite starry and open in effect. Especially effective and long lasting as cut flowers. 16 in. 45c.

Amophyllum. Loose heads of orchid blooms with blue anthers. Long season bloomer. Mid-summer. 18 in. 45c.

Cernuum. Pretty, nodding pink blossoms in loose heads. 8 in. 45c.

Flavum. Loose heads of lemon yellow flowers. 8-10 in. 45c.

Flavum minor. S. A 4 to 6 in. version of flavum. 45c.

Globosum. Round heads of mulberry and silver. 18-24 in. 45c.

Karataviense. Recurving wide foliage with decorative lavender and frosty green markings. Flowers pale lavender. 6 in. 45c.

Moly. Bright yellow flowers. Broad glaucous foliage. 10 in. 45c.

Mt. Cenis. Attractive round heads of rosy lavender. 8 in. 45c.

Neapolitanum. Loose clusters of large, pure white flowers with green stamens. Good for cutting. 12-14 in. 45c.

Ostrowskianum. Large heads of brilliant rose colored flowers in June. 6 in. 50c.

Pale Pastels. Tight heads of pale pink to silvery lilac. 8 in. 45c.

Pulchellum. Loose heads of orchid bloom. Good for cutting. Attractive even in seed. Late. 8-10 in. 50c.

Ruby Gem. Tight heads of amethyst rose. Long blooming. 50c.

Senescens Glaucum. Flat wide silvery foliage, orchid pink flowers. 5 in. 50c.

Sikkimensis. Lavender pink flowers. 8 in. tall. 50c.

Thibeticum. Rosy lavender, late. 45c.

Triquetrum. S. Clusters of slender drooping white bells on 8 to 10 in. stems. 50c.

Collection of 6 — our choice — \$2.00.

ALCHEMILLA Alpina. S. Ladies Mantle. Foliage beautifully silvered beneath. A nice foliage plant with tiny chartreuse flower clusters. 50c.

Vulgaris. Lovely for a crevice or path side. 50c.

ALYSSUM. S. Showy plants for walls and well drained situations.

Saxatile. Basket of gold. Masses of brilliant yellow in earliest spring. 50c.

Saxatile Citrinum. A light yellow form of saxatile. 50c.

Scardicum. S. A gray leaved creeper with terminal clusters of bright yellow in earliest spring. 50c.

ANDROSACE Lanuginosa. S-sh. Trailing silky green foliage. Verbena like heads of soft rosy lilac in late summer. 60c.

Sarmentosa. Silvery rosettes of foliage and lilac pink blooms in round heads. 3 in. 60c.

Sarmentosa Watkinsii. S. An easy growing deeper pink form. 60c.

Sarmentosa Var. Chumbyi. A smaller edition of Sarmentosa with silkier foliage and flowers of a deeper pink. 60c.

Sempervivioides. Smaller rosettes than Sarmentosa. Greener and less silky. Bright pink flowers. 60c.

ANEMONE. S-sh. Windflower. Lovely plants of easy culture.

Nemorosa Alba Fl. Pl. S-sh. Lovely abundant double white flowers. Very pure and waxy. Choice and rare. 50c.

Nemorosa Alleni. S-sh. A beautiful variety with fine large flowers of clear lavender blue. One of the best. 60c.

Nemorosa Robinsoniana. S-sh. Pale powder blue with buff reverse. 50c.

Pulsatilla. S. Silky buds open to form deep lavender flowers with golden centers. Attractive fluffy seed heads. Likes lime. 50c.

Pulsatilla Camla seedlings. Handsome pale mauve flowers with a silvery sheen. 75c.

Sylvestris. Sh. Lovely nodding white flowers on 9 in. stems. 50c.

ANTHEMIS. S. Showy plants for hot sun.

Moonlight. Masses of showy sulphur yellow daisies on 18 in. stems throughout the season. Desirable. 50c.

ANTHERICUM Liliago. S. Green grassy leaves and dainty spikes of waxy white lily-like flowers. 60c.

ANTHYLLIS Montana rubra. S. Mats of gray leaves and rosy flower heads. 4 in. 55c.

AQUILEGIA, COLUMBINE. S-sh. Handsome foliage. Showy flowers in May and June. A favorite in all gardens.

Akitensis Var. Kurilensis. Large deep blue flowers on 4 in. stems. Very fine. 50c.

Alpina. Lovely large blue flowers. 12 in. 50c.

Clematidiflora. Flat spurless blooms like clematis flowers, mixed colors. 50c.

Flabellata Nana. Glaucous foliage and flowers of lovely waxy blue and white. Blooms early. Choice. 8 in. 50c.

Flabellata Nana Alba. Pure white form of the above. Dwarf. 50c.

Longissima. Refined glaucous foliage and exquisite large lemon yellow flowers with spurs 4-5 in. long. Fragrant. Rare. 60c.

Long Spurred Hybrids. A fine strain of long spurred, broad petaled flowers of many exquisite shades. 50c.

Pyrenaica. Rare late blooming deep blue with very fine cut foliage. 8 in. 75c.

Scopulorum. Frosty gray foliage and handsome blue flowers. 75c.

ARABIS Albida Variegata. S. Foliage edged with light yellow of white, blossoms white. Early. Bright spot in your garden 12 months. 50c. For fall delivery.

- Blepharophylla.** S. Rosettes of hairy leaves above which appear heads of clear rosy pink flowers on 8 in. stems. 50c.
- Procurrens.** Shining green mats of foliage and white flowers on 8 in. stems. 50c.
- Rosabella.** Rosettes of crinkled foliage and deep pink blossoms. 50c. For fall delivery.
- Rosabelle.** A blush pink form of the above. 50c. For fall delivery.
- ARISAMEA Triphyllus.** B. S-sh. Jack in the pulpit. Middle western native with curious black and green calla-like flowers. 2 for 55c.
- ARMERIA.** S. Sea Thrift. Tufted plants that bloom over a long period.
- Caespitosa.** Tight cushions of foliage 2 in. high. Produces a profusion of stemless pink flowers. A rare gem. Early. 75c.
- Caespitosa Hybrids.** Free flowering hybrids slightly larger than the type. Pale to deep pink. 50c.
- Caespitosa Hybrid White.** Lovely large clear white flowers. Extra choice. 2 in. 50c and 75c.
- Maritima Alba.** A fine 6 to 8 in white form. 50c.
- Maritima Lauchiana.** A rich deep pink form. 5 in. 50c.
- Setacea.** Flat cushions of foliage with short stemmed heads of pink flowers. 3 in. 50c.
- ARTEMESIA Abrotanum.** S. Dwarf Southernwood. Fragrant, finely cut gray foliage. 18 in. 50c.
- Silver Queen.** S. Handsome fine cut silvery foliage. 2 ft. 50c.
- ASCLEPIAS tuberosa.** S. Brilliant orange flowers in heads in late summer. 15 in. 50c.
- ASPERULA Caespitosa lilacina.** S. A dwarf carpeter with lovely heads of pinkish lavender in late summer. New and choice. 75c.
- ASTER.** Alpine varieties. S.
- Alpinus.** Free flowering, dainty, lavender and gold, 8 in. 50c.
- Alpinus Albus.** 8 in. Large white flowers. June. 50c.
- Alpinus Goliath.** S. Tufts of hairy foliage and large single lavender daisies. 8 in. 50c.
- Amellus Sonia.** S. Rosy pink late blooming. New. 75c.
- Linifolius Purpureus.** Very narrow foliage. Showy clusters of lavender flowers in Oct. and Nov. 50c.
- Linifolius Roseus.** Rosy pink form. 50c.
- Subcoeruleus Warburg Star.** Large lilac blue flowers with orange centers. 12 to 15 in. 55c.
- Yunanensis Napsbury.** Exquisite soft blue flowers with orange centers. 18 in. 65c.
- ASTER.** Border Varieties.
- Ericoides Chastity.** Clouds of tiny white blooms on 3 ft. stems in autumn. Lovely. 50c.
- Frikarte-Wonder of Staffa.** S. Constant blooming, with huge clear lavender blue daisies. Valuable for cutting. 60c.
- Luteus.** S. Clouds of soft yellow tiny blooms, on 18 in. stems. 50c.

Petite. Excellent for the front border. Clouds of lavender pink blossoms. 8 in. 50c.

ASTER NOVI ANGLIAE. S. Harrington's Pink. Handsome rich silvery pink. 3 to 4 ft. Sept. 60c.

Hibbersons Purple. Glowing red purple. Fine garden effect. 60c.

ASTER NOVI BELGI. S.

Angela Peel. Clouds of lovely medium sized lavender pink blooms. Semi-double. Choice. 60c.

Beechwood Challenger. Brilliant crimson red. 2½ to 3 ft. 60c.

Beechwood Rival. S. Beautiful red—early. 2 ft. 60c.

Blandie. Very floriferous pearly white medium height. 50c.

Blue Eyes. Rich blue, with a bright yellow eye. 50c.

Burbank's Charming. Clouds of fluffy pinkish white stars. 60c.

Eventide. Striking deep violet blue, huge almost full double flowers. Erect free and vigorous. 3 ft. 75c.

Gay Border Blue. Bright sky blue. Vigorous and prolific. 60c.

Hilda of B. C. Handsome lilac mauve. 50c.

Janet McMullen. Free flowering with enormous rosy lilac blooms. New. 75c.

Jean. Large blooms of soft deep blue semi-double. 18 in. 75c.

Little Red Boy. Single rose red compact truss, 2 ft. 50c.

Mt. Everest. Fine pure white. 3 to 4 ft. 50c.

Peace. Large, 2 in. semi-double soft-rosy mauve. Flowers on 3 ft. stems. New. 60c.

Peter Harrison. Masses of large pink flowers in Aug. & Sept. Dwarf and compact. 1½ ft. 60c.

Petunia. Medium height with many soft blue frilly flowers. Not large but effective. 60c.

Plenty. Enormous silvery blue flowers and yellow centers. 3 to 4 ft. Sept. & Oct. 60c.

Prosperity. Masses of large semi-double deep rosy pink flowers. New. 60c.

Queen Mary. Frilled. Dark sky blue flowers. 4 ft. 50c.

Red Rover. Rosy red. 50c.

Royal Blue. Semi-double deep blue. One of the earliest. 3 ft. 60c.

Stop. Striking near red, with a bright eye. 3 ft. New. 60c.

Strawberries & Cream. The name describes the color. Lovely. 60c.

The Archbishop. This and the 2 following sorts are the newest large flowering type from England. Lavender blue. 75c.

The Cardinal. Rosy lavender. 75c.

The Dean. Lovely carmine pink. Large single blooms in Sept. 75c.

The Sexton. Extra large blue. 75c.

Violetta. S. Glowing blue violet for weeks in the fall. 50c.

White Climax. Large pure white. 5 ft. 50c.

Winston Churchill. Rich glowing red purple, vibrant and alive. 75c.

ASTILBE. S or S-sh. Very attractive plants either in foliage or in flower with graceful fluffy spikes of bloom in June or July.

DWARF SORTS

Crispa Lilliput Gnome. Tufts of finely divided leathery dark green foliage with 6 in. plumes of feathery pink. 65c.

Chispa Lilliput Perkeo. Similar to the above but a slightly darker tone. 65c.

Simplicifolia Alba. White form of the above. 15 in. New. 75c.

Simplicifolia Atrorosea. Dark pink, short upright trusses. New. 15 in. 75c.

Simplicifolia. Perrys Variety. Taller with soft pink blooms. 65c.

Simplicifolia Praecox. Fine pink with overhanging trusses. New. 15 in. 75c.

Simplicifolia Salmonea. Lacy salmon colored plumes, late. 14 in. 65c.

Sinensis Pumila. Stiff spikes of soft pink flowers with blue stamens. August and September. 6 to 9 in. 65c.

White Elf. 8 in. fluffy white for the front of the border. \$1.00.

ASTILBE TALLER SORTS

Bergisdahl. Tall creamy white. 60c.

Bonn. Dark carmine pink. Handsome. New. \$1.00.

Bremen. Lovely salmon carmine. New. \$1.00.

Davidii. Tall spikes of fluffy raspberry pink in late summer. Coarsely cut foliage. 60c.

Deutschland. Fine creamy white. 60c.

Diamond. Extra fine. New. White. \$1.00.

Dusseldorf. Deep salmon pink. New. \$1.00.

Emden. Raspberries and cream. 75c

Erika. Beautiful rose with tall spikes. New. \$1.00.

Etna. Fine glowing red. New. \$1.00.

Europa. Clear pink. New. \$1.00.

Fanal. Intense red, one of the best. 75c.

Feur. Deep fiery red. New. \$1.00.

Gertrude Brix. Carmine red. 75c.

Granat. Rosy Carmine. 75c.

Gloria. Glowing deep toned pink. 65c.

Gloria superba. Darker toned and larger flowered than Gloria. Handsome. 85c.

King Albert. Pure white, tall 6 ft. stems. 75c.

Koblenz. Choice deep red. New. \$1.00.

Koln. Handsome dark carmine red. New. \$1.00.

Peach Blossom. Luscious soft shell pink. Showy. 65c.

Red Sentinel. Sparkling scarlet red in enormous broad heavy trusses. Finest red to date. New. Stock limited. \$1.50.

Rheinland. Bright rose pink. 75c.

Rubin. Vivid rose. 75c.

Vesuvius. Fine deep red with broad trusses. New. Stock limited. \$1.25.

White Gloria. Elegant feathery white plumes on sturdy stems make this a most desirable white. \$1.00.

Astilbe collection of 6 of the 75c sorts, our selection for \$2.50.

AURICULA. See *Primula*.

BEGONIA Evansiana. S-sh. A tuberous rooted hardy type with bronzy foliage and clusters of pink flowers in late summer. 18 in. 50c.

BELLIS Dresden China. Dainty miniature daisy with double flowers of purest shell pink. A real gem. Rare. 2 in. 50c.

BLETILLA Hyacinthina. B. S-sh. A lovely terrestrial orchid with slender leaves and exquisite blooms of orchid lavender in airy spikes. Very dainty and unusual. Easy. 75c.

Hyacinthina alba. Lovely white form of the above. \$1.00.

BROOMS. See Dwarf Shrubs.

CALLUNA. See Heather.

CALTHA Palustris flora plena. Rare double marsh marigold. Brilliant golden yellow blooms in earliest spring, and pleasing rounded shiny leaves. An 8 in. gem for the pool edge. \$1.25.

CALTHA Palustris Var. Monstrosa. Marsh Marigold. A choice form much larger than the type. Shiny, rounded leaves and large golden flowers. Fine pool or bog plant. 18-24 in. Rare. \$1.00.

CAMPANULA. S or S-sh. A large and varied family containing many desirable rock and wall plants. Especially valuable on account of their late blooming habit and long season of bloom. They like a gritty soil.

Barbata. The bearded bell of the Alps. Lovely china blue hairy bells on 6 in. stems. 50c.

Carpatica. Vigorous and easy. Large white to blue bells on 6 to 8 in. stems from June to August. Mixed colors only. 50c.

Cochlearifolia (Pusilla). Dainty, nodding lavender bells in great profusion over mats of attractive foliage. 2 in. 50c.

Cochlearifolia Alba. Dainty white form with lighter foliage. 50c.

Cochlearifolia, large white form. Propagated from an outstanding plant with particularly large blooms. 50c.

Cochlearifolia Miranda. Large silvery blue bells. Late. 50c.

Cochlearifolia Miranda Lohbrunner Form. A dark stemmed form, with deeper blue flowers in profusion. Charming. 6 in. 50c.

Cochlearifolia Mrs. Flint Form. A lovely soft blue. Distinct and different. 50c.

Collina. Downy foliage and rich satiny purple bells in June. 9 in. 50c.

Dasyantha. Very desirable with tufts of toothed foliage and 4 in. stems carrying broad blue solitary bells which are bearded on the outside. 75c.

Garganica. Compact, shiny leaves. Literally covered with bright blue stars in June and July. Especially good for walls. 50c.

Glomerata. Deep violet blue in showy heads. 18 in. 50c.

- Glomerata acaulis.** Flat rosettes of foliage and clusters of stemless, very showy purple flowers. 50c.
- Hybrida Elizabeth Frost.** S-sh. An excellent trailing variety with large starry milk white flowers in profusion. Showy and long blooming. \$1.00.
- Muralis (Portenschlagiana).** Attractive mats of deep green foliage with many starry violet bells. June-November. 4 in. 50c.
- Norman Grove.** A rare and lovely hybrid with soft blue bells in Aug. Very profuse blooming. 3 in. 75c.
- Persicifolia Pride of Exmouth.** Extremely large showy blue flowers. Single. New. 75c.
- Planiflora Alba.** Small rosettes of shiny leaves and tight 8 in. spikes of white flowers. 50c.
- Planiflora Blue.** Charming blue form. 50c.
- Poscharskyana.** Trailing, with quantities of soft blue flowers. 50c.
- Poscharskyana.** Dark form. 50c.
- Pulla.** Many nodding long shaped bells of rich violet on 3 in. stems. 50c.
- Pulloides.** Larger and taller than Pulla, with bigger and more open bells. 5 in. 50c.
- Raddeana.** Scalloped leaves and deep purple bells. 9 in. 50c.
- Rotundifolia Purple Gem.** A deep purple Harebell. More floriferous than the type. 8 in. 50c.
- Rotundifolia selected form.** A 6 in. grower with particularly fine large bells. 75c.
- CENTAURIA Kingdon Ward.** S. Mounds of attractive silvery gray foliage. Pink flowers on 10 in. wiry stems. 50c.
- CERASTOSTIGMA Plumbaginoides.** Dwarf, spreading habit. Bronze foliage and blue flowers in fall. 6-8 in. 50c.
- CHRYSANTHEMUM Maximum Cobham Gold.** S. Handsome pale yellow double flowers on sturdy stems. 20 to 30 in. \$1.00.
- Esther Reed.** Fully double flowers with high crested centers. Good cut flowers. 18 in. 65c.
- Mt. Shasta.** Similar to Esther Reed but 24 in. tall. Continuous bloomer. 75c.
- CLEMATIS Mandschurica.** S. White, fragrant flowers, loosely spaced on wiry branches. Nice for cutting. 3 ft. 75c.
- CONVALLARIA Majalis.** Sh. Lily of the Valley. Fragrant waxy white bells. 3 pips for 25c.
- Majalis Rosea.** Rare pink form of the well known Lily of the Valley. 50c.
- CONVOLVULUS.** S. Perennial Morning Glory. Persistent summer bloomer. These forms do not spread.
- Cantabricus.** S. Small, hairy gray green foliage and attractive soft pink flowers all summer. 60c.
- Cneorum.** S. D. A rounded bush with lovely silvery foliage and fine white flowers over a long period in summer. Rare and new. 60c.

Lineatus. Silky, much silvered oval foliage in low mats. Flowers pale pink to white. Choice. 60c.

Mauritanicus. Trailing, with many lovely bright blue flowers all summer. 60c.

COPTIS Trifolia. Sh. Gold Thread. Good ground cover for shade with finely cut, deep green leaves. 50c.

COREOPSIS auriculata. Clumps of bright green foliage with many yellow daisy-like blossoms, all summer. 6 to 8 in. 50c.

Golden Wheel. Extremely large golden yellow flowers, all summer. 50c.

Verticillata. Fine leaved light green foliage and quantities of small yellow flowers all summer. 50c.

CORYDALIS Bulbosa. B. Dainty orchid flowers and finely cut ferny leaves. Spring blooming. Plant in late summer. 50c.

Lutea. Lemon yellow flowers. Continuous bloomer. Easy and good. 50c.

COTULA Squalida. A good bulb cover with fine ferny foliage. 50c.

CYCLAMEN. Sh. Hardy varieties. These lovely plants are a distinct addition to the shade garden. The habit of growth and blossoms resemble those of the flosist's cyclamen, but they are much smaller and more dainty. The leaves are interesting in shape, and in many varieties they are beautifully mottled with lighter green. The fact that most varieties bloom in the fall makes them doubly valuable. They like lime.

Atkinsii. Variegated foliage. Crimson flowers with rounded segments and dark eyes. Spring flowering. Blooming size corms. \$1.00.

Cilicicum. Sh. Flowers pink, freely produced in winter. Leaves beautifully marbled. Rarely offered. \$1.00.

Coum roseum. Small rounded dark green leaves and a profusion of deep rosy flowers in January. Rare. \$1.00.

Europaeum. Slightly marbled evergreen leaves. Flowering in autumn with carmine magenta flowers. Deliciously scented. \$1.00.

Libonaticum. Very large flowered form with pale rose petals marked deeper at the base. Sweet scented and lovely. Very rare. \$2.50 ea.

Neapolitanum. Handsome marbled leaves and lovely, airy flowers in varying shades of pink. It blooms in autumn shortly before the leaves appear. \$1.00.

Neapolitanum Album. Rare and lovely white flowered form. \$1.00.

Repandum. Broad, pointed heart shaped leaves, carmine flowers in earliest spring. \$1.00.

CYPRIPEDIUM. Sh. Lady Slippers. The grandest of the hardy orchids. Like shade and moisture. Don't plant too deeply.

Acaule. Large, soft rose colored slippers borne singly on 8 in. stems. 60c.

Californicum. Dainty white slippers with pale green sepals borne six to ten in a graceful spire. Rare. 75c.

Montanum. Oregon native with white and brown flowers on 12 in. stem. 75c. •

Pubescens. Yellow Lady Slipper. The dainty deep yellow slippers are borne several on a stem. 75c.

Spectabile. Showy Lady Slipper. Huge handsome slippers of rosy pink with white sepals. Late. 75c.

CYTISUS. See Brooms.

DIANTHUS. S. Pinks are indispensable to the rock garden or wall.

Alpinus hybrids. Rosettes of wide shiny foliage. Huge brilliant pink flowers on 1 to 2 in. stems. Lime soil and sun. 60c.

Beatrice. Lovely fragrant carnation-like flowers. Light salmon pink in profusion May to November. 10 to 12 in. 50c.

Caesius double form. A charming 4 in. cheddar pink with compact gray foliage and lovely rosy pink blooms. 50c.

Clove Pink. Old fashioned spicy white, very free flowering. 50c.

Dawn. Compact tufts of silvery foliage. Long and profuse bloomer. Pink with red eye on 4 in. stems. Very charming. Stock limited. 50c.

Deltoides Major Sterne. Dark foliage and brilliant rosy red flowers. Very prolific. 50c.

Gracilis Alba Nana. Slender foliage and large white flowers, on short stems. 50c.

Luther Burbank. Very double sweet scented white with a blood red center. Sturdy and free flowering. 8 in. Attractive. 50c.

Petite. Tight blue gray rosettes of foliage and rosy flowers on 2 in. stems. 50c.

Rosii Roseus. Extremely free flowering, sheets of glowing carmine pink blooms on 3 in. stems. 50c.

Salmon Queen. Large double salmon on 15 in. stems. Sturdy and fine. 50c.

Tiny Rubies. A close tuft of gray foliage and small brilliant, very double ruby red sweet scented flowers. 2 to 3 in. Delightful. 50c.

DICENTRA. S-sh. Finely cut foliage. Attractive flowers in racemes.

Eximia. Rose pink blooms over a long period. Doesn't spread. 50c.

Spectabile. S. Sh. Old fashioned bleeding heart. Heart shaped pink flowers in long racemes in spring. 75c and \$1.00.

DICTAMNUS. S. Gas plant. Attractive border perennial with showy spikes of bloom.

Alba. Handsome ash like foliage with a pleasing fragrance. Lovely spikes of white flowers. 3 ft. 75c.

Rubra. Rosy pink with deeper veining. 3 ft. 75c.

DODECATHEON. Sh. Falling Stars. Bird Bills.

Dentatum. Toothed leaves and dainty white blossoms. 50c.

Media. Many large pink or rose colored blossoms. 15-18 in. 50c.

Media Alba. Sh. A handsome white form of shooting star. 50c.

DOUGLASIA. Praetutiana. Silvery gray rosettes of attractive foliage, yellow flowers. Petite and lovely. 65c.

- Vittaliana.** Gray green rosettes of foliage with citron yellow flowers. 1 in. 65c.
- DRABA Olympica.** S. Rosettes of downy foliage and sessile golden yellow heads of flowers. 50c.
- DWARF CONIFERS.** See Shrubs.
- ECHINOPS RITRO TAPLOW BLUE.** S. Thistle like plants with globular heads of deep metallic blue flowers in July and Aug. 3 ft. 50c.
- EPIACTUS. Gigantea.** S. An easy growing orchid, with racemes of small brownish lady slippers. 75c.
- EPIEDIUM.** Sh. These are attractive additions to the shade garden with lovely bronze-tinted leaves and dainty flowers in loose spikes.
- Alpinum roseum.** Exquisite leaves and dark red flowers. 9 in. 50c.
- Lilacinum (Violaceum).** Dainty lavender flowers. 50c.
- Macranthum Roseum.** Rosy pink flowers. 50c.
- Niveum.** Lovely white blossoms and dainty foliage. 50c.
- Sulphureum.** Largest of the group. Pale yellow flowers. 50c.
- Collection of 3 for \$1.00. Our selection.
- ERICA.** See Heather.
- ERIGERON.** S. Similar to aster in appearance, habits and needs.
- Blue Beauty.** Long season bloomer with rich violet flowers, on 16 in. stems. 60c.
- Mrs. Bell.** Profuse blooming lavender pink. 10 to 12 in. 50c.
- Mucronatus.** A trailing species bearing pretty pink and white daisies from June to late fall. 50c.
- Speciosus Wuppertal.** Large double violet, yellow center. 16 to 18 in. New. 60c.
- ERODIUM.** S. Attractive, distinctive foliage in loose rosettes and numerous bright flowers over a long period.
- Chamaedryoides Roseum.** Mats of scalloped leaves with bright rosy flowers on short stems. Blooms all summer. 3 in. 50c.
- Manescavi.** Green ferny foliage and large magenta-rose flowers. 50c.
- EUPHORBIA.** S. Showy plant for hot well drained situations.
- Myrsinites.** Prostrate evergreen with blue gray foliage and yellow flowers in early spring. A very distinct form. 50c.
- Polychroma.** A neat, symmetrical plant with glaucous foliage and showy heads of yellow bracts. Turns vivid red in fall. 12 in. 50c.

FERNS

We are really very proud of our fern collection, for it contains most of the hardy varieties. Some of them can be used in the rockery, while others will find their place in the shade garden. Ferns provide a welcome change in leaf forms and should be more widely used.

We have in recent years collected a choice assortment of English Ferns. Imported stock which is most attractive and quite different from

our American forms has numberless charming variations in the way of crests, tassels, fimbriations and other adornments. Our collection of more than 80 sorts never fails to arouse enthusiasm in visitors. The dwarfer sorts are splendid for rock gardens, adding a touch of relief to the colorful alpinas. *Polystichums* and *Scolopendriums* are evergreen.

We are happy to offer a restricted listing **NOW** and invite correspondence regarding divisions on **other sorts as available**. We would be glad to send a descriptive list to those interested.

ADIATUM Pedatum. Sh. Maidenhair Fern. Graceful, delicate, light green lacinated fronds, with smooth black stems. Very airy. 50c.

ATHYRIUM Filixfemina. (*Cyclorosum*). Sh. Lady Fern. Graceful tapering fronds of fine, light green. Moist situation. 1-3ft. 50c.

Filixmas. Fine evergreen fronds. 2 ft. 50c.

Thelypteroides. Lacy light green fronds on straw colored stalks. 1 to 2 ft. 50c.

ASPLENIUM Platyneuron. Narrow, black stemmed fronds. 5-10 in. 50c.

Trichomanes. Maidenhair Spleenwort. Smaller and more delicate than *Platyneuron*. Dry conditions in shade. 3-4 in. 50c.

CHEILANTHES

Densa. (Pellaea Densa). Lacy triangular fronds. Sun or shade. 3 to 5 in. 50c.

Gracillima. A compact growing dark green evergreen fern with brownish reverse. Lacy and attractive. For rock crevices. 3 in. 50c.

Lanosa. 4-6 in. with lacy foliage. 50c.

CRYPTOGRAMMA Acrostichoides. Parsley Fern. A feathery fern with light green fronds. Good for hot dry rocks. 5 in. 50c.

CYSTOPTERIS bulbifera. Slender delicate pale green fronds with bulblets appearing occasionally in the under side. 8 in. 50c.

DENNSTEDTIA Punctilobula. Hay Scented Fern. Dense mats of fragrant fronds. 21 in. 50c.

DRYOPTERIS Clintoniana. Sh. Clinton's Wood Fern. Fine evergreen fern. 2 ft. 50c.

Cristata. Similar to *Clintoniana* but smaller. 1 to 1½ ft. 50c.

Goldieana. Leaves growing in large crowns, 2 to 3 ft. long and 12 in. wide. One of our largest and most stately species. 50c.

Marginale. Leathery foliage, handsome and evergreen. To 24 in. 50c.

Nevadensis. Sh. Fragrant Fern. Light green, finely cut fronds. 8-14 in. 50c.

Spinulosa. Sh. Shield Fern. Large, wide lacy fronds. 2 ft. 50c.

Spinulosa. Var. Dilitata. Sh. Leaves more nearly triangular than the type. 2 ft. 50c.

GYMNOGRAMMA triangularis. Sh. Gold Back Fern. Attractive small grower with triangular fronds for rock crevices. The reverse of the frond is sometimes golden, sometimes silver. 4 in. 50c.

ONOCLEA Sensibilis. Sh. Sensitive Fern. Large, broad triangular leaves. Very hardy and easy. 2 ft. 50c.

OSMUNDA Cinnamonea. Sh. Cinnamon Fern. Showy large fern with 2-4 ft. fronds. Young growth covered with rusty wool. 50c.

Claytoniana. Sh. Interrupted Fern. Similar to the above, but young growth covered with white wool. Imposing. 50c.

Regalis. Sh. Royal Fern. Handsome, wide, branching fronds of pale green. A very beautiful fern of individual appearance. 2 ft. 50c.

PELLAEA

Atropurpurea. Purple black stems and handsome gray foliage. 6 to 10 in. 50c.

POLYPODIUM Hesperium. Attractive leathery fronds with extremely long terminal pinnae. 75c.

Malahatense. A rare form found on Vancouver Island with sharply pointed much divided fronds. 4 to 6 in. \$1.50.

Vulgare. Sh. Licorice Fern. Attractive, leathery fronds. Good cover for shady rocks. 50c.

POLYSTICHUM Acrostichoides. Sh. Christmas Fern. Evergreen dagger-like fronds. 12-18 in. 50c.

Andersoni. Sh. A rather rare and stately evergreen Western native with attractive dark green 2 ft. fronds. The fine cut pinnae are apt to proliferate near the tip of the frond and form new plants. Sturdy young plants, 75c and \$1.00 ea.

Brauni. Sh. Graceful, lacy fronds. Stems covered with brown scales. 18-25 in. 75c and \$1.00.

Munitum. Sh. Western Sword Fern. Large clumps of long, narrow, evergreen fronds. A lovely large fern. 50c.

ENGLISH FERNS

\$1.50 each except as noted.

ATHYRIUM (felix femina). Lady Fern.

Acrocladon. A much admired lacy fine cut form of exceptional beauty.

Angustum Congestum Grandiceps. Narrow and twisted dense fronds, with heavy terminal crests. We have several forms.

Congestum Grandiceps. Dense imbricated fronds with handsome terminal crests. Dwarf.

Corymbiferum. Pinnae heavily tasseled with large terminal crests. We have several forms of this type.

Cragii. Heavy crests with irregular cut pinnae.

Cristatum. Pinnae and frond terminals neatly crested. Several forms.

Cruciatum cristatum. Narrow cruciate fronds with terminal crests.

Lacinatum elegans. Pinnae dissected branching crests.

SMALLER FORMS

Coronatum. A small grower with heavy terminal crests. 9 to 12 in.

Cristulatum. A small Grandiceps, with very large terminal crests.

Grandiceps. Narrow lightly crested pinnae. Very large terminal crests; several forms.

Frizzelliae. The curled pinnae cause the frond to resemble a string of green heads. 9 to 12 in. Several forms.

Plumose form. Very lovely feathery fronds, with broad plumose pinnae. 18 in. to 2½ ft.

Victoriae. A perfect combination of cristate and cruciate form. The narrow crested pinnae cross in a lattice like manner. Rare and unusual. \$2.00 each.

GORINGEANUM Pictum. Handsome gray green foliage with silvery markings. Some forms are crested, some plain. Very attractive. 8 to 10 in. \$1.50.

LASTREA (felix-mas)

F.M. Crispata. Erect stout dark green fronds. 2 ft.

F.M. Crispata cristata. A beautifully crested form

F.M. Crispa Crispata Martindale's variety. An elegant form. The pinnae bending toward the frond tip.

F.M. Linearis Polydactyla. A most attractive dark green crisp form with extremely narrow pinnae ending in finger like crests.

F.M. Polydactala Dadds. A fine bold form, beautifully crested. 2½-3 ft.

P.M. (pseudo-mas)

P.M. Crispa. Dwarf, compact, crispy fronds. Seldom exceeding 9 in.

P.M. Crispa Cristata. A most useful variety, beautifully crested.

P.M. Cristata. King of Male Ferns. A splendid strong symmetrically crested form.

LASTREA—Dilatata Lepidota. Quadri pinnate fronds with toothed pinnules.

POLYPODIUM. English licorice fern.

Bifido. An interesting form with twice divided tips. 10 in. \$1.00.

Bifido Grandiceps. A rare form with finely divided and crested tips. Exquisite. \$1.50.

Cambricum. Sh. A very beautiful fern with very ruffled overlapping pinnae. Rare. \$1.00.

Pulcherrimum. 8 to 10 in. high with lacy much divided fronds. Rare. \$1.00.

POLYSTICHUM Angulare. An attractive lacy form whose fronds divide at the ends into flat fishtails or crests. A good sturdy grower. 75c and \$1.00.

Angulare acutum. Handsome lacy fronds with narrow pinnae.

Plumosum Compactum. Sh. A very beautiful fern with lacy fronds of pale green. Attractive in the garden, or as a house plant. \$1.00 and \$1.50.

Viviparum. Like the above, but with less lacy fronds. 75c, \$1.00 and \$1.50.

SCOLOPENDRIUM Vulgare. Sh. European Harts' tongue ferns. Attractive wide leathery leaves; evergreen. \$1.50.

Crested. Fronds beautifully crested at tips. \$1.50.

Frilled. Fronds beautifully waved and frilled. \$1.50.

Undulatum. A ruffled form with fronds resembling old fashioned ribbon candy. Unusual, much admired. \$1.50.

Many other varieties such as *Crispum*, *Marginatum*, and *Muricatum* in small quantities. Please write if interested.

Prices on English Ferns

\$1.50 each unless otherwise noted.

5 to 20 different varieties (our selection), 10% discount.

20 to 50 different varieties (our selection), 15% discount.

Postage Extra.

FESTUCA glauca. S. Dense tufts of narrow steel blue leaves. Decorative. 12 in. 50c.

FILIPENDULA Multijuga. A charming dwarf spirea-like plant with filmy clouds of soft pink flowers in late summer. Rare. 6 in. \$1.00.

FRAGARIA Alpina S. Baron Sollemacher. Everbearing Alpine bush strawberry. No runners. Neat and attractive. 50c.

GALAX Aphylla. Sh. Attractive shiny, rounded leaves, bronzy in tone and leathery in texture. Fine woodland ground cover. 50c.

GENISTA. See Brooms.

GENTIANA. Some of the most gorgeous blues in the garden.

Acaulis. S. *Gentianella*. One of the most beautiful alpiners. The incomparable big blue trumpet gentian. Rich, shining blue. Blooms spring and fall. 3 in. 50c and 75c.

Acaulis Clusii. S. Longer stemmed. Blossoms darker. 50c and 75c.

Acaulis Excisa. A larger, finer *acaulis* with taller stems. \$1.00.

Acaulis Gigantea. Extremely large flowered form. \$1.00

Angustifolia. S. The best form of the *acaulis* group. Brilliant sapphire blue trumpets. 4 in. \$1.00.

Asclepiadea. S-sh. Fine, arching stems with lovely deep blue blossoms in profusion. A lovely late bloomer of easiest culture. 75c.

Purdomi. A trailing species with sapphire blue flowers in clusters. 50c.

Septemfida. Easy and satisfactory. Handsome bright blue flowers in mid-summer to 9 in. 75c.

Sino-ornata. Autumn flowering, large deep blue trumpets on short trailing stems. 75c. and \$1.00.

GERANIUM. S. These hardy geraniums are ideal rockery plants, for they are easy to grow, produce large, brilliantly colored flowers over a long period, and have interesting foliage.

Endressi. S-sh. Rose colored blooms continuously produced. 10 in. 50c.

Farreri. Dwarf tufted habit with soft velvety leaves and big pale pink flowers. Choice and rare. 3 in. \$1.00.

Grandiflorum. Rounded leaves and large blue flowers. 12 in. 50c.

Ibericum. Fine blue blossoms. The foliage assumes rich autumnal tints. 16 in. 50c.

Japonicum. S. Attractive scented foliage that turns brilliant red and yellow in the fall. Flowers pink, small. 50c.

Pylzowianun. Attractive cut leaves on frail stems, and large, pink blossoms. 3 in. 50c.

Sanguineum Album. A lovely white form with 10 in. stems. Dainty foliage. 50c.

Sanguineum Lancastrience. Fine prostrate foliage and lovely large soft pink flowers with darker veins. 50c.

Sanguineum Walney's variety. Pleasing habit with attractive clear pink or rose flowers in profusion. 75c.

Wallichianum Buxton's Blue. Attractive foliage that takes on brilliant fall colors. Fine blue flowers. 8 in. 50c.

GEUM. S. Attractive rounded leaves and bright flowers. Easy.

Abbey's Orange. Brilliant orange-yellow flowers in great profusion from May to July and again in October. 8 in. 50c.

Borisii. Vivid orange flowers from May to October. 8-12 in. 50c.

Montanum. S. Clumps of rich green leaves and bright golden flowers on 4 in. stems. Well worth growing. Easy. 50c.

Rivale. Leonard's Var. Flora-plena. S-sh. A very double form of dwarf stature. Lovely copper pink flowers. 50c.

Starker's Hybrid. Free blooming apricot-orange flowers. Large and handsome. 8 to 12 in. 60c.

Waight's Brilliant. Very large orange-red flowers. Truly magnificent. Free flowering over a long period. 4-6 in. 75c.

GLOBULARIA. S. Evergreen metallic foliage and blue flowers in heads.

Bellidifolia Canadian form. Fine mats of rounded foliage, larger than Nana. Choice. 1 in. 50c.

Nana. Tiny prostrate plant covered in early June with fluffy blue balls. Good between stepping stones. 50c.

Willkommi. Wide metallic glossy foliage. Blue. 8 in. 50c.

GYSOPHILA. S. Baby breath. Attractive low, much branched plants with clouds of tiny, airy flowers

Repens rosea. Blue gray mats of foliage covered with countless lovely pink stars in May or June. 50c.

Repens Rosy Veil. Double pink flowers in great profusion. Long season bloomer. 18 in. 50c.

HABERLEA. S-sh. Closely resembles Ramondia, but with gloxinia-like blooms. Like a cool, moist crevice in the rocks. Choice and rare.

Rhodopensis Ferdinandi-Coburgi. Very choice. 75c and \$1.00.

Virginale. Never before offered in this country. Very rare. A beautiful white form. \$2.50.

HEATHER. See Dwarf shrubs.

HEDERA Conglomerata Minima. S. An attractive, non-spreading slow growing ivy, with close-set, frilly leaves. 50c.

HELENIUM. S. **Autumnale Gartensonne.** S. Golden yellow with brown center. New. 60c.

Autumnale pumilum magnificum. Very handsome deep yellow. 2 ft. 50c.

Hybridum Brown Gold. Reddish brown with a gold border. New. 60c.

Hybridum Chippersfield Orange. Showy clusters of large coppery orange flowers. 4 ft. 50c.

Hybridum Crimson Beauty. Deep crimson red, one of the darkest. 75c.

Hybridum Moerheim Beauty. Finest red. 2½ ft. 50c.

Hybridum Old Gold Giant. S. Large flowered, brilliant yellow. New. 50c.

Hybridum The Bishop. Very large fine yellow with dark center. 2 ft. 60c.

Hybridum Sunburst. A handsome golden yellow. 75c.

HELIANTHUS Coronation. Broad guard petals and fully double cushion center. Fine yellow cut flowers. 4 ft. 65c.

Loddon's Gold. Handsome fully double flowers a deep pure yellow. 3 ft. 50c.

Multiflorus Fl. Pl. Showy double yellow flowers in July and Aug. 4 ft. 50c.

HELIOPSIS Scabra Gold-Green-Heart. S. A showy buttercup yellow with small green center. 50c.

HELLEBORUS. S-sh. Hardy herbaceous plants with attractive palmately divided leaves. They flower in winter and very early spring. Well established plants bloom very freely.

Corsicus. Handsome prickly, evergreen foliage and large, pale green flowers in fine clusters. Very choice and desirable. Stock limited. \$1.00.

Foetidus. Magnificent frost-resistant foliage and pale green flowers tipped with brown. Beloved of bees. February. \$1.00.

Niger. S-sh. Christmas rose. White to pink flowers in early winter. Stock limited. \$1.50 each and up.

Niger Altifolius. Later and larger flowered than the type. Exquisite. \$2.00 and up.

Niger. Harvey form. Large flowered white to pink. Very choice. \$2.00 to \$3.50.

Niger Maximus. A new form from Belgium with very large white flowers. First time offered in U.S.A. \$3.00 and \$3.50.

Orientalis Hybrids Somewhat similar to Niger but later and taller. Blooms in clusters from pink to purple and chocolate brown. \$1.50 and \$2.00.

HELONIAS Bullata. Sh. Rosettes of evergreen, shiny leaves, and spires of starry pink flowers. Moist situation. 50c.

HEMEROCALLIS Agnes James. S. An attractive low growing early flowering deep orange day lily of fine form and substance 12 to 14 in. 50c.

Hybrids. Mixed colors only. Chartreuse through deeper yellow to bronze. 50c.

Minor. Grassy foliage and deep lemon yellow bloom on 12 in. stems. 50c.

HEPATICA. Sh. Small anemone-like flowers in early spring.

Acutiloba. Colors vary from pale pink to blue. Mixture only. 50c.

Nobilis. A fine deep blue European form. 75c.

Nobilis rubra plena. Rare double red form. Stock limited. \$1.00.

Triloba. American native. Pink to blue flowers on 3 in. stems. Mixed only. 50c.

- HOSTA Coerulea.** The true variety with very blue flowers. Leaves glossy green of large size and graceful form. 3 ft. 75c.
- Decorata.** The blunt leaved plantain lily. Has dark green leaves with white edges. Formerly listed as Thomas Hogg. 75c.
- Erromena.** A robust plant with dark green leaves and prominent curved veins on either side of the mid rib. Flowers pale lilac. 2½ ft. 75c.
- Fortunei Gigantea.** Blue green large sized crinkled leaves. Pale lilac flowers early in July. \$1.00.
- Glauc.** Foliage glaucous blue, heavy leathery texture of a seersucker nature. Has the most powdery blue leaves of any Hosta. Prized for its color and form. \$1.00.
- Honey bells.** Large flowered sweet scented lavender. Yellow green foliage. \$1.50.
- Lancifolia Albo Marginata.** The narrow leaved plantain lily. Light green leaves with a white edge. Lavender flowers in August. Free blooming and vigorous. 50c.
- Lancifolia Fortis.** Long lance like dark green foliage. Flowers violet in September and October. Prized for its late bloom. 60c.
- Lancifolia Tardiflora.** Sh. A quite distinctive, rather small variety. Lavender blue flowers in October. \$1.00.
- Minor Alba.** Dwarf form. Splendid for rock gardens or edge of shady border. White bell like flowers on 12 in. stems. 50c.
- Oaki.** A late bloomer with pale lavender flowers and large glaucous green leaves. Rare. \$1.00.
- Robusta.** Very large bluish foliage. \$1.00.
- Sieboldiana.** Large gray green leaves and pale lavender blooms. A very decorative plant. 75c.
- Subcordata Grandiflora.** Handsome yellowish green leaves. Large pure white lily like blooms in August and September. 50c.
- Undulata Variegata.** Striped white and green foliage 6 to 8 in. tall. Lilac flowers on 15 in. stems. 50c.
- Univittata.** Heavy waxy dark green leaves with wide creamy white stripes in the center. Lavender blooms in July. 24 in. 60c.
- Viridis Marginata.** Large pointed olive green leaves margined darker green. Flowers lavender pink in July. Foliage turns dark green in late summer. \$1.00.
- HYPERICUM.** S. St. John's Wort. These are dwarf non-spreading forms.
- Olympicum.** Tiny prostrate silvered foliage and showy yellow flowers. 6 in. 50c.
- Rhodopaeum.** Distinct species with soft silver gray foliage and fine golden flowers. Attractive throughout the year. 6 in. 50c.
- IBERIS. Little Cushion.** Compact cushion like plant with white flowers in early spring. 4 in. 50c.
- Little Gem.** Compact upright sort with small narrow leaves. 6 in. 50c.
- Pygmea.** Semi-trailing with glossy green foliage and flat heads of clear white bloom. 50c.
- Saxatilis.** Lovely and persistent bloomer with tiny, fleshy leaves and white blooms. Early, rare. 2 in. 75c.

Snowflake. Largest flowered of all, a neat spreading bushlet to 10 in. 50c.

INCARVILLEA Delavayii. S. Ferny leaves and handsome trumpets of rich rosy pink born on stiff 18 in. stems in terminal trusses. 75c.

INULA Ensifolia. S. Dwarf, narrow leaved tufts, crowned with large golden flowers. June to August. 8 in. 50c.

IRIS. See Iris section.

JEFFERSONIA Diphylla. Sh. Twin leaf. Handsome blue green leaves and fine solitary white flowers in early spring. 50c.

JUNCUS Effusus Spiralis. S. An odd plant with rush-like leaves twisted spirally. 15 in. 50c.

LAVENDULA. S. Atropurpurea Nana. Dwarf French lavender. Neat and compact with violet blooms freely produced. 50c.

Bowles Variety. Fine blue purple flowers and compact gray foliage. 50c.

Carroll's Variety. Deep lavender purple flowers above compact gray evergreen foliage. 50c.

Dutch. A very low growing wide leaved form of real merit. Distinct. 50c.

Munstead. Very compact and low with attractive silvery foilage. 50c.

Praecox. Compact habit silvery foliage and fine purple flowers. 50c.

Provence. A rather wide-leaved, very gray compact sort. 50c.

Twickle's Purple. Compact grower with silvery gray foliage and fragrant deep violet blue flowers. 50c.

Vera. Sweet English lavender. Intensely fragrant foilage and flower spikes. Much used for sachets, when dried. 50c.

Vera Rosea. Pale pink flowered form. 50c.

Waltham Giant. A new English importation to 30 in. Sweet scented and attractive. 50c.

LEWISIA Hybrids. Natural crosses of *L. Heckneri* and *L. Howellii*, with pink to apricot flowers and more or less ruffled rosettes of fleshy leaves. Choice. 75c.

LIATRIS Punctata. S. Spikes of vivid rosy purple flowers on stiff 18 in. stems, springing from rosettes of grassy foliage. 50c.

LINUM SALSALOIDES Nanum. S. Low wiry plant with big white flowers delicately veined blue. Prostrate. 6 in. 75c.

LOBELIA Cardinalis Hybrids. S. Brilliant red and pink flowers in large heads in July. 2 ft. 50c.

LOTUS Corniculatus fl. pl. S. D. Hardy trailer with bright green foliage and showy double yellow flowers. Good bulb cover. 50c.

LUTKEA pectinata. S-sh. Fine cut mossy foliage and creamy spikes of small flowers in July. Pleasing carpeter. 60c.

LYCHNIS Abbottswood Rose. Velvety gray foliage with deep rose blooms. 50c.

- LYCHNIS Haageana Salmonea.** Clusters of large cream to salmon starry blooms on 9 in. stems. 50c.
- LYCHNIS Viscaria Splendens fl. pl.** Spikes of brilliant carmine double flowers. Showy. 50c.
- MAZUS rugosa.** S. A dwarf creeper with bronzy green leaves and lilac snapdragon-like flowers. 1 in. 50c.
- MECONOPSIS Cambrica.** S-sh. Attractive rosettes of gray green leaves, and charming crinkled poppies of yellow or orange. 8 to 10 in. 50c.
- MELISSA Officinalis.** Lemon Balm. Deliciously scented leaves. 50c.
- MENTHA Requinii.** Dark green carpeter with tiny, mint-scented leaves. 50c.
- MITCHELLA Repens.** Sh. Partridge Berry. Neat evergreen creeper with small round, shiny leaves and white flowers followed by red berries. A good ground cover for a shady place. 50c.
- MONARDA Cambridge scarlet.** S. Attractive summer border plants with showy scarlet blossoms. 30c.
- Croftway pink.** Choice salmon pink. 50c.
- Snow Queen.** A fine clear white sort. Late. 50c.
- Sunset.** S. Attractive fuschia purple. 50c.
- MORISIA hypogea.** Ground hugging rosettes of ferny leaves and stemless golden flowers in Mar. and April. Loves sun and sand. \$1.00.
- MUEHLENBECKIA Nana.** S. Attractive dwarf carpeter with black wiry stems and small round dark green leaves. 6 in. 50c.
- NARCISSUS.** S. B. The varieties listed below are all dwarf forms suited to the rockery.
- Bulbocodium.** Hoop petticoat daffodil.
- Citrinum.** B. The sulfur yellow hoopskirt daffodil. 7 in. 25c ea.
- Conspicuus.** Deep yellow. 6-8 in. 20c each.
- Obesus.** A distinct form of N. bulbocodium with shorter stems and later flowers. Leaves quite prostrate. 25c.
- Cyclamineus.** Slender trumpets with reflexed petals, lemon yellow. Rare. 50c.
- February Gold.** Perianth golden yellow, trumpet orange. Early. 50c.
- Juncifolius.** Rush-like leaves and charming short trumpeted golden yellow flowers. 30c.
- Minimus.** Smallest of all trumpet daffodils. Tiny bright yellow flowers in early spring. 50c each.
- Minor.** A charming miniature Golden Spur daffodil. 50c each.
- Nanus.** Between Minor and Minimus in size. Petite. 50c.
- Rupicola.** Allied to N. juncifolius with inch wide bright yellow short trumpeted flowers. Height: 4 in. 35c.
- Waiterii.** Similar to rupicola but creamy white in color. Very attractive. 35c.
- W. P. Milner.** Small charming sulphur yellow flowers. 25c each.
- NEPTA Mussini.** S. A charming mint with silvery foliage and clouds of showy lavender flowers all summer. 50c.
- Mussini Six Hills Variety.** Taller and larger flowered form. 50c.

- Nuda.** More upright than Mussini with more silvery gray foilage and blue flowers. May to September. 50c.
- OENOTHERA.** S. Compact leafy rosettes of foliage and showy flowers.
- Pusilla.** Small leaves. Tiny yellow blooms. 4 in. 50c.
- Riparia.** S. Erect growing with persistent foliage that turns red in winter. Flowers yellow in terminal clusters. Showy. 18 in. 50c.
- OMPHALODES Cappadocica.** S-Sh. Stout clumps of oval pointed leaves and numerous 9 in. sprays of brilliant blue forget-me-not flowers. Very beautiful. 75c.
- Verna.** Blue-eyed Mary. A trailing species with heads of pure blue flowers on 4 in. stems in spring. 50c.
- OXALIS.** S. Clover like leaves and bright flowers.
- Adenophylla.** B. Tufts of crinkly gray leaves and fine lilac pink flowers. A very choice plant. 60c.
- PENSTEMON, rupicola.** S-sh. A dwarf prostrate trailer with rounded thick gray leaves and large rosy crimson flowers in July and August. Likes poor dry soil in deep rock crevices. 50c.
- Rupicola alba.** Handsome white variation. 75c.
- Rupicola rosea.** S-sh. Soft pink form. 75c.
- Scouleri alba.** Narrow gray green foliage and showy white tubular flowers. 6 to 8 in. 50c.
- PHLOX.** S-sh. These dwarf species provide brilliant sheets of color over a long period in spring. All are sun lovers.
- Divaricata.** Fine heads of clear lavender to blue flowers. 10 in. 50c.
- Divaricata Alba.** A particularly fine form of the above, with large clusters of waxy white flowers. Rare and good. 50c.
- Divaricata Laphami.** S. A particularly fine light blue form. 50c.
- Kelseyii.** Mats of prostrate foliage and showy deep violet flowers. Western native. 50c.
- Kelseyii X subulata. Rosette.** An interesting hybrid with showy rosy mauve blooms. 50c.
- Laplantica.** Showy heads of carmine rose on 8 in. stems. 50c.
- PHLOX paniculata.** S. Sh. Plant these for vivid summer color in sun or afternoon shade. Their large florets in huge trusses make a wonderful showing for the border.
- American Beauty.** Handsome clear rose pink. 60c.
- Border Queen.** Showy bright rose. 60c.
- Chas. H. Curtiss.** Intense orange scarlet. 50c.
- Daily Sketch** Extra large trusses. Salmon pink with a crimson rose eye. Magnificent. 50c.
- Ethel Pritchard.** Handsome large flowered lavender blue. 50c.
- Eva Forrester.** Bright salmon rose, white center. 2 ft. Early. 50c.
- Fidelio.** White with a carmine red eye. An improved Europa. 65c.
- Frau Anton Buchner.** Larger white, late. 50c.
- Harvest Fire.** Brilliant salmon pink to orange. Late. 60c.
- Lillian.** Delicate salmon pink. 50c.

Leo Schlageter. Fiery scarlet with glints of orange. 50c.

Mary Louise. Large glistening snow white heads. 50c.

Miss Lingard. Old, but good, white. Early. 50c.

Mrs. R. P. Struthers improved. Deep rosy salmon with red eye. Large flowered. 50c.

Pinkette. Large florets of soft delicate pink. Pure and lovely. This unusual coloring is heightened by the fact that the little narrow tubes which fasten the florets to the stem are a clear deep pink. 65c.

Purple Krone. Deep purple, outstanding. No other phlox like it. (Holland introduction). 60c.

Rosy Blue. Soft lavender blue with delicate pink undertones. Vigorous with large florets in fine big clusters. 65c.

San Antonio. Dark blood red, shaded plum. 60c.

Sir John Falstaff. Massive trusses of luminous salmon pink. Robust, vigorous and sturdy. 75c.

Spitfire. Non-fading salmon orange with enormous trusses. 65c.

World Peace. Large flowered white. New. 75c.

PHLOX *Stolonifera* Blue Ridge. A fine creeper for sun or shade with good mats of shiny leaves and handsome flower heads. We offer the rare blue flowered form. 3 in. 60c.

***Stolonifera* Rosea.** A fine rose colored form. 3 in. 60c.

Subulata. The different named varieties of creeping phlox, all have prickly, needle-like evergreen foliage and masses of bright blooms.

Alba. Fine white blossoms and light green foliage. 50c.

Alexander's Favorite. Desirable creeper with $\frac{3}{4}$ inch deep pink flowers with darker eye. 50c.

Alexander's Giant. $\frac{3}{4}$ inch deep rose blooms with a rich eye. Vigorous and desirable. 50c.

Alexander's Pink. Clear bright rose pink with a crimson eye. 50c.

Alexander's Rose Gem. An improved rosea of better color. 50c.

Alexander's White. Latest white to bloom. Distinct cream eye. 50c.

Arbutus. Delicate soft pink, compact and pleasing. 50c.

Atropurpurea. (Brilliant). Dark foliage and vivid, dark red flowers. 50c.

Bluei. Bluish white with blue violet eye. Tiny flowers and dark foliage. 50c.

Brittonii Rosea. Tiny pale pink flowers. Rare, dainty and a very slow grower. 50c.

Camlaensis. The finest of the subulatas, with large outstanding soft salmon pink flowers. 50c.

Fairy. Pale lilac with a purple eye. Dainty. 50c.

G. F. Wilson. Fine lavender flowers. 50c.

Mauve Queen. Unusual shade of mauve with lavender violet eye. 50c.

Orchid Lady. Pale lavender pink with a deep violet red eye. 50c.

Sky Blue. Clear soft sky blue with distinct violet eye. Good foliage. 50c.

White Delight. New large white with dainty light blue markings. Beautiful—distinct. 75c.

Collection of 5 different for \$2.00. Our selection.

PLATYCODON Grandiflorum fl. pl. S. An outstanding new perennial with lovely double flowers. We can supply either blue, white or pink. 2 ft. 65c.

Shell Pink. Lovely single shell pink. 65c.

PLATYCODON Mariesii. A compact grower with blue or white flowers on 15 in. stems. 65c.

PODOPHYLLUM Peltatum. Sh. May Apple. Waxy, sweet scented white flowers nearly hidden by large, handsomely scalloped leaves. 50c.

POLEMONIUM Carneum. Showers of lovely buff to salmon or pale pink flowers. Oregon native. 50c.

Pulcherrimum. Attractive ferny leaves and clusters of blue, white throated flowers June and July. 6 to 9 in. 50c.

POLEMONIUM Coeruleum. S. Good green ferny foliage topped with a shower of showy light blue flowers in June. 10 in. 50c.

POLYGALA Calcareae. S. Dense evergreen mats with short spikes of sapphire blue flowers in May. Brilliant, free blooming and rare. Stock limited. \$1.00.

POLYGONUM. Reynoutria. Spikes of soft pink flowers, followed by showy bright red seed pods. Attractive foliage that colors well in fall. 1 ft. 50c.

Vaccinifolium. Choice evergreen creeper with fine autumn tints and a profusion of pink flowers in autumn. 2-3 in. 50c.

POLYGONATUM Biflorum. Sh. Solomon's Seal. A lovely woodland plant with hanging bells of purest white followed by red berries. 50c.

POTENTILLA. S. Effective rock plants with bright blossoms and leaves somewhat resembling those of strawberries.

Cinerea. A dainty creeper with lovely yellow flowers. 2 in. 50c.

Eriocarpa. Prostrate mats of attractive silvery foliage and yellow flowers, produced over a long season. \$1.00.

Fragiformis. Handsome rosettes of gray, velvety foliage and large yellow blooms. 3 in. 50c.

Lady Rolleston. S. An 18 to 20 in. grower, with large showy double Geum like blossoms. Each flower shaded in vivid orange, yellow and red. Much admired in the garden. 50c.

Nitida. Tuffets of silvery gray foliage. Pink flowers. Choice. 75c.

Reptans Flora Plena. A mat forming carpeter, spreading by runners. Showy double yellow blooms off and on all summer. 2 in. 50c.

Rupestris pygmaea. A good dwarf form with pleasing white flowers. 60c.

Tonguei. Very beautiful apricot flowers with crimson centers. Prostrate. Very choice. 50c.

Warrensii. Strikingly handsome plant, long successions of wide golden flowers. 12 in. 50c.

See Also Dwarf Shrubs.

PRIMULA. Primrose. Produces much of the early color in the garden.

Acaulis Mixed. Lovely pastels, and deeper shades. 50c.

Auricula. S-sh. Handsome primrose-like plants with smooth, powdery foliage and velvety flowers with light eyes. We have an unusually fine collection of choicest color forms.

Alpina Wiperii. Large brilliant red velvet blooms, with prominent white eye. Imported stock. Propagated by divisions only. Very showy and unusual. \$1.00.

Garden auriculas. Selected colors. Division grown plants of our choicest stock — marked at blooming time. These include pale to deep yellow, buff, cream and chamois, pink and lavender, tan to orange, brown and leathery tints. 50c.

Clusiana. Rosettes of glossy leaves and large glowing carmine flowers. Likes lime. \$1.00.

Denticulata. S. Heads of lavender flowers on stout stems. March and April. 9 in. 50c.

Glaucescens. Sh. Rosette of dark green leaves, with loose heads of carmine flowers in early spring. Easy in any good soil. 75c.

Minima hybrids. Tiny and delightful. Deep cut rosy flowers, March and April. \$1.00.

Pubescens Mrs. Wilson. Very free flowering rich lilac purple. Dwarf compact habit. \$1.00.

The General. A brilliant red hybrid with a white eye. \$1.00.

Pubescens Hybrids. From English seed, blooming this year for the first time. Rich velvety red - purples, blues and wine shades have so far appeared. Very handsome. \$1.00 ea.

Juliae. Dwarf mats of glossy foliage and starry claret flowers with golden eyes. 50c.

Juliae Hybrids. There are many hybrids of *Juliae* both with *acaulis* and polyanthus primroses. They vary considerably in height and style, but all are lovely and free flowering over a long period.

Baker's Variety. Fine cherry rose. 75c.

Bright Eyes. Rosy pink polyanthus, with a golden eye. 75c.

Chief Multnomah. Rich burgundy. 75c.

Dorothy, A hybrid with yellow cowslip. Heads of fine, clear yellow flowers on 4 in. stems. Distinct. 75c.

Edelstein. Rosy mauve. 75c.

Helene. Dwarf burgundy red. Very free flowering. Early. 50c.

Lady Greer. Dainty polyanthus with heads of creamy flowers. A recent English introduction. \$1.00.

Lollipop. Rich red with a yellow eye. \$1.00.

Morton's Hybrid. Purplish crimson. 50c.

Mrs. King. A robust grower with mauve pink blossoms. 75c.

Mrs. McGillivray. Large old rose flowers. \$1.00.

Mrs. Nettie P. Gale. A compact, strong grower with beautiful foliage and large flowers which open white and turn light pink with age. \$1.00.

Nevill's Hybrid. Fine free flowering purple. \$1.00.

Rubra and Juliae. Masses of brilliant rose blooms. 75c.

Springtime. Large flowers of pinkish lavender. Compact. 50c.

Wanda. A fine deep red violet. Especially good. Early. 50c.

Marginata. Rosette of toothed grayish leaves edged white. Fragrant pinkish lavender blooms. March to April. Rare. \$1.00.

Champneys Var. More ample foliage than the type with exquisite clusters of pure lavender blooms. New import. Rare. \$2.50.

Rosea Grandiflora. Brilliantly beautiful carmine rose flowers in earliest spring. 50c.

Salisburgensis (Minima and Glutinosa). Fragrant rosy blue flowers. No lime. \$1.00.

Serratifolia (Wolfenia and Minima). Tufts of glossy foliage and large rosy flowers with a white eye. May. 2 in. \$1.00.

Sieboldii. Light green foliage and wide heads of beautiful flowers varying from white to reddish pink.

Dora. Handsome flowered lavender. \$1.00.

Doris. A Dora seedling with a white eye. Strong growing and attractive. \$1.00.

Purity. Pure waxy white of perfect form. 75c.

Maiden's Blush. Very soft delicate pink. Charming. \$1.00.

Southern Cross. White fringed and lacinated petals with lavender reverse. \$1.00.

Southern Cross Pink Form. \$1.00.

Separate Colors. Rosy purple with light eye; bluish pink with darker reverse; or mixed deep pink shades. 50c.

PULMONARIA Angustifolia. S. Low tufts of dark green foliage and many heads of lovely blue flowers in very early spring. 8-12 in. 50c.

Lutea. S. Compact hairy foliage and heads of bronze buds that open to pale yellow. 50c.

Saccharata Mrs. Moon. Handsome silver and green foliage and pink or salmon flowers. Lovely and distinct. 50c.

Saccharata Salmon Glow. Rich salmon colored flowers. 50c.

PYRETHRUM Florence Shadley. Handsome double silvery pink. 60c.

Huntington Scarlet. Large single of intense bright red. 60c.

Marie Bischoff. Very full double center, medium pink. 60c.

Rose Queen. Double crested center, rosy carmine. 60c.

RANUNCULUS. Buttercup.

Gramineus. S. Glaucous tufts of grass-like leaves. Lovely, waxy deep yellow blooms. 6-8 in. 50c.

Montanus. S-sh. Dwarf, with golden flowers. Choice. 50c.

ROSMARINUS Officinalis. S. Rosemary. Fragrant gray green leaves and lavender blue blooms. 50c.

RUDEBECKIA newmanii. S. Showy yellow daisies with a striking black cone center in great profusion in late summer. 2 ft. 50c.

SALVIA Officinalis Hort's Mammoth. S. Sage. An attractive large leaved form useful in the garden, with its pleasing wrinkled foliage, or for seasoning. 50c.

SANGUINARIA Canadensis. Sh. Blood Root. Blue-grey scalloped leaves and waxy white flowers. Early. 50c.

Canadensis multiplex. Sh. Double Blood root. The rare double form with lovely waxy flowers on 4 in. stems in early spring. Very beautiful. \$1.50.

SANTOLINA Incana. S. Lavender Cotton. Showy, aromatic, lacy gray leaves and small yellow flowers. 12 in. 50c.

Virdis. Green form of the above. 50c.

SATUREIA. S. Aromatic small bushes with wiry stems and attractive flowers produced over a long period in late summer.

Cuneifolia. Deep green foliage and masses of bluish white flowers in spikes. It blooms from Aug. to Nov. 6 in. 50c.

Montana sub spicata. Lavender flowers in Sept. 50c.

Pygmea. Especially delightful small form. 3-5 in. 50c.

SAXIFRAGA. Saxifrage. Especially fine rock garden plants.

ENCRUSTED SECTION. Sh. These plants form handsome rosettes of narrow leathery leaves which, in most cases, are encrusted with a limy deposit. They usually have white or pale yellow flowers. They offer no cultural difficulties and bloom in May or June.

Aizoon la Graveana. Neat cushions of small encrusted rosettes. 50c.

Aizoon Rosea. An attractive small form with rosy pink flowers. 6 in. 50c.

Andrewsii. S-Sh. Rosettes of spoon shaped leaves edged with many little teeth. Showers of tiny pink stars. 6 in. 60c.

Cochlearis Minor. Humped domes of silvered rosettes bearing graceful sprays of white flowers. 50c.

Lingulata Alberti. Large rosettes of rather wide silvery leaves. Large plumes of white. 50c.

Lingulata Superba. Fat little rosettes, heavily encrusted, and graceful plumes of white flowers. 10 in. 50c.

Macnabiana. Highly colored rosettes in winter. Flowers white with pink spots, 8-10 in. 50c.

Media. S-Sh. Blue green silvery rosettes and small pink flowers on 3 to 4 in. spikes. 60c.

Pyramidalis. Broad rosettes. Large panicles of showy white flowers 2 ft. 50c.

MISCELLANEOUS GROUP.

Bergenia pupureus. Large leathery bronzy leaves and deep rosy purple blooms. New. 50c.

Delavayii. Large richly colored leaves and fine trusses of deep rosy pink flowers. Later and deeper colored than Megasea. 60c.

Microlepsis. A wee mossy form with white flowers. New and rare. 75c.

Peltata. Moisture loving plant with immense rounded leaves on 2-3 ft. stems. Wide heads of fine pink blooms in early spring. 50c.

Taygeta. A fine ground cover for shade with small leathery leaves in neat rosettes. Flowers white in late summer. 8 in. 50c.

Umbrosa Elliots Var. Smaller and daintier than primuloides. 3 in. 75c.

- Umbrosa London Pride.** Dark green foliage and 12 in. sprays of pinkish flowers in late summer. 50c.
- Umbrosa Primuloides.** Dwarf London Pride. Compact and fine with pink flowers. 8 in. 50c.
- SCABIOSA CAUCASICA.** S. Long season bloomers, excellent cut flowers.
- Lucida.** Flat rosettes of foliage and pretty heads of rosy lilac. 6 in. 50c.
- Parnassifolia.** Low hummocks of gray foliage studded over with soft lavender pincushion flowers on 2 in. stems. 50c.
- House Hybrids.** Handsome melting blue tones. 50c.
- SCHIZOSTOLIS coccinea Mrs. Heggarty.** S. An attractive fall bloomer with narrow iris-like foliage and spikes of vivid coral pink flowers in Oct. and Nov. Rare and much admired. 75c.
- SEDUM Cauticulum.** Prostrate slender purple stems with blue gray thick fleshy leaves. Deep rose flowers in Sept. 65c.
- Sieboldi.** Graceful arching stems clothed with blue gray leaves, edged pink. Brilliant pink flowers in Sept. A very fine rock plant. 50c.
- Spectabile brilliant.** Bold heads of deep pink on sturdy succulent foliage. Showy. 50c.
- Spectabile variegata.** Handsome yellow and green foliage, rose pink flowers. 50c.
- SEMPERVIVUM.** S. Hen and Chickens. Succulent plants of easiest culture. Good in poor soil in a dry place. We have more than 40 distinct sorts. If you have any particular one in mind, please write us. Perhaps we can supply it. Collections of 12 unlabeled clumps, all different. \$4.00. Single clumps, 50c each.
- SENECIO Tyrolensis.** S. Attractive fine cut evergreen rosettes and loose clusters of brilliant orange daisies in June. Low growing. 65c.
- SHORTIA Galacifolia.** Sh. Oconee Bells. A choice American native with tufts of green, glossy, leathery leaves which turn a beautiful bronze in winter. The pale pink, five-lobed bells appear in early spring. Likes acid soil. 50c.
- Uniflora Grandiflora Rosea.** Sh. A form of extra size and magnificence with glowing, luscious pink flowers. Wants cool, shady leaf-mold conditions. Rarely offered. \$2.00.
- SILENE alpestris flora plena.** Glossy leaves and clouds of exquisite double white stars. 4 in. 50c.
- Shafta.** A late summer blooming procumbent plant, with showy pink flowers. 50c.
- SOLDANELLA.** S-sh. Small, leathery rounded leaves and lovely, nodding fringed bells of orchid pink in earliest spring.
- Alpina.** A tiny species with tubular orchid pink bells on 2-4 in. stems. \$1.00.
- Montana.** Attractive foliage, with several shallow fringed blossoms of lavender lilac on 6 in. stems. Rare. \$1.00.
- SOLIDAGO cutleri.** S. An attractive 6 to 8 in dwarf golden rod. 50c.
- Virgaurea alpina.** S. Loose spikes of bright yellow bloom. 6 in. 50c.

- Virgaurea Golden Wings.** S. Loose graceful plumes of bright yellow in autumn. Much used in Canada as a cut flower. 6 ft. 50c.
- SOLIDASTER Luteus.** S. Countless small sulphur yellow flowers in heads from mid-summer to fall. A fine border plant, 2 ft. 50c.
- SPIREA Filipendula fl. pl.** S-sh. Fern-like foliage in neat flat rosettes, and sprays of snowy white double flowers on 10-12 in. stems. 50c.
- Palmata.** Plumes of soft pink flowers. June and July. 2 ft. 50c.
- STERNBERGIA Lutea.** B. Lovely fall blooming crocus-like flowers of golden color and fine substance. Mid-summer delivery. 50c.
- STOKESIA Blue Danube.** S. Immense 4 to 5 in. blooms on 12 to 18 in. stems. Exquisite rich, deep blue, one of the finest modern perennials. Blooms all summer. 65c.
- SYNTHIRIS.** Sh. Oregon natives. Neat rosettes of leathery leaves and spikes of showy flowers in very early spring.
- Stellata.** Toothed, kidney-shaped leaves. Blue flowers. 6 in. 50c.
- Sweetzeri.** Like the above, but with violet blue flowers. 50c.
- TEUCRIUM. Chamaedrys.** S. A rounded bush with glossy evergreen foliage and a profusion of bright, rose colored flowers in spikes. July-Sept. 12 in. 50c.
- Chamaedrys Prostratum.** A low growing form with spreading dense mats of foliage. 50c.
- THALICTRUM aquilegifolium.** Blue-gray fine cut foliage and white to lavender blooms. 50c.
- Bees Dwarf.** S. A handsome small grower, lavender to purple blooms. 60c.
- Lavender Mist Rochebrunianum.** More hardy than *Diptrocarpum* and with larger flowers. 65c.
- THYMUS.** S. Thyme. Valuable aromatic plants for carpeting hot, dry spots, for bulb covers or for walls.
- Adamovici.** Loose growing carpeter with slender leaves. 50c.
- Angustifolius.** Tiny, thick set leaves. Purple cast in winter. 50c.
- Azoricus.** Fine, neat gray evergreen foliage and lilac flowers. 50c.
- Balticum.** Choice creeper with hairy foliage. Free bloomer. 50c.
- Cimicinus.** Trailing, with tiny leaves. Purplish cast in winter. 50c.
- Citriodorous.** Lemon scented thyme. Bushy. 8-10 in. 50c.
- Argentus.** Silver leaved lemon scented thyme. 50c.
- Aureus.** Golden leaved lemon scented thyme. 50c.
- Herba-Barona.** Perfectly prostrate with small, dark green anise-scented leaves. 50c.
- Lanicaulis.** Loose growing, with gray, alyssum-like leaves. 50c.
- Marschalli.** Very fine, with lovely pink flowers. 50c.
- Micans.** Tidy, close clumps, starry and wiry in effect. 50c.
- Nummularis.** Mat-forming species with glossy leaves. Late. 50c.
- Serpyllum. Creeping Thyme.** Solid mats of fragrant foliage.
- Albus.** White flowered form with pale green leaves. 50c.

- Coccineus Splendens.** Brilliant crimson flowers. 50c.
- Lanuginosus.** Woolly Thyme. Gray velvet foliage. Lavender flowers. 50c.
- Lanuginosus Hall's Var.** Much more profuse blooming sort. 50c.
- Roseus.** Rosy pink flowers. 50c.
- Vulgaris Fragrantissimus.** Distinct. Gray foliage. Very fragrant. 50c.
- TRADESCANTIA. Spider-wort.** S-sh. Showy useful plants making large clumps and producing many blossom stalks. Will flourish in almost any condition, sun or shade.
- Apple Blossom.** Lovely big soft pink flowers. 55c.
- Dawn.** White with a pink and blue flush. Exquisite. 55c.
- Iris Pritchard.** White flowers heavily stained with soft and clear blue. Very lovely. 50c.
- James C. Weguelin.** Extremely large flowers of delightful pale blue. Dwarf habit. 55c.
- Kobold.** Large deep rose pink. 55c.
- Pauline.** A glorious pale rosy mauve. 50c.
- Purple Dome.** Huge flowers of bright clear purple. 50c.
- Summer Snow.** Exquisite large flowered white. 50c.
- TRILLIUM.** Sh. Fine woodland plants. Mid-summer or fall delivery.
- Erectum.** Mahogany red flowers. 10' in. 35c.
- Grandiflorum.** Wake Robin. Lovely, large, long lasting white blooms. 35c.
- Luteum.** Sessile yellow flowers. Mottled leaves. Rare. 35c.
- Ovatum.** Western Trillium. Large white flowers, turning pink. 35c.
- TROLLIUS. S-sh.** Attractive plants with neat foliage and bright blooms.
- Goldquelle.** Orange yellow large flowered, imported. 75c.
- Golden Queen.** Large deep orange, late blooming. 55c.
- Lemon Queen.** Pale lemon yellow. 55c.
- TUNICA Saxifraga. fl. pl.** Airy foliage and clouds of light pink double flowers, all summer. 50c.
- VERONICA. S.** A variable family of good rock garden plants.
- Corymbosa blue.** Fine spikes of rich blue. 18 in. 50c.
- Corymbosa pink.** Fine deep pink form of the above. 50c.
- Ericoides.** Fluffy white flowers on 6 in. stems. 50c.
- Gentianoides.** Gentian-like leaves and spires of soft blue flowers. 8 in. 50c.
- Holophylla Littoralis.** Beautiful shiny foliage and 12 in. spikes of large deep vivid indigo blue flowers. A fine grower. New. 75c.
- Incana.** Silvery gray foliage and fine violet blooms. Late. 50c.
- Repens.** Mat forming species with very pale blue flowers. 50c.
- Rupestris.** Bright green carpeter, bright blue flowers. 2 in. 50c.
- Rupestris Rosea.** A dainty lilac pink form. 50c.
- Teucrium.** 6 in. plants with fine deep blue flowers. 50c.
- Teucrium Crater Lake.** An extremely fine form, with gorgeous deep blue flowers. 50c.
- VINCA Alpina.** Sh. Small foliage. Compact habit of growth. Double flowers of attractive rosy violet. 50c.

Bowles Var. Wide, glossy green leaves and rich blue flowers of large size over a long period. Floriferous and fine. 50c.

Minor Alba. A white form of the well known Vinca Minor. 50c.

VIOLA SPECIES. Sh. Violets.

Arenaria Rosea. Tufted plant with rosy blooms in summer. 50c.

Cuculata. Long stemmed free flowering attractive blue violets. Un-scented. 50c.

Cuculata Helen Dennis. A free flowering white form. 50c.

Labradorica. Rare species, with purplish foliage with attractive dark blue flowers. 50c.

Maggie Mott. A large flowered form, with showy pale to deep lavender flowers. Hard to get — supply limited. Sturdy plants. 50c.

Pedata. Bird foot violet. Fine cut foliage and large pale violet flowers. 3 in. 50c.

Pedata Bicolor. S. Free blooming form having the two upper petals, a rich violet purple. Striking and lovely. 50c.

Riveniana. Compact grower with many light blue flowers throughout the season. 3 in. 50c.

WALDSTENIA Fragarioides. S-sh. Delightful mat forming evergreen ground cover with attractive glossy foliage and bright yellow single flowers in early spring. 50c.

DWARF TREES AND SHRUBS

We have found it advisable to make a distinct section for all hard-wooded plants, and request our customers to cast their eyes over this second alphabetical arrangement for any dwarf plants they may miss in the first part of the catalog. **We DO NOT pay the cost of transportation on Trees and Shrubs.** We will bill you at cost.

ANDROMEDA Glaucophylla. Bog Rosemary. Glaucous leaves and pinkish flowers in spring. A fine evergreen shrub for a peaty soil in light shade. 12 in. 50c and \$1.00.

Japonica Variegata. Sh. A rare form with white edged leaves. Slow growing. Small plants. \$1.00 and \$1.50.

Polifolia Nana Charming small evergreen shrubs with narrow, dark green leaves which turn bronze in winter, and lovely, waxy light pink vase-shaped blooms. 8 in. 50c and \$1.00.

Polifolia Nana Compacta. A rare alpine gem. A tiny, compact version of Polifolia Nana with large clusters of bloom. Choice and rare. \$1.00, \$1.50, \$2.00.

BROOMS

We have listed all Cytisus and Genista species as brooms, as we feel that this makes it simpler to find them in the catalog. The plants listed below are all dwarf species, and make ideal rockery shrubs, particularly suited to hot and sunny locations. They like lime, but do not demand it.

CYTISUS Purpureus. Slender weeping branches and rosy lavender flowers. Graceful and lovely. 12 in. 50c and \$1.00.

- Purpurea rosea.** S. A rosy colored form of the purple broom. Small plants only. 75c.
- GENISTA Ardionii.** S. A low growing treasure with hairy leaves and flowers of brilliant yellow. 6 to 9 in. \$1.00.
- Dalmatica.** Tiny, prickly bushlet with finely cut foliage, smothered with bright yellow flowers in May. 75c and \$1.00.
- Delphiniensis.** Very dwarf trailing species with cactoid foliage and abundant spikes of deep yellow flowers. New and rare. 75c. - \$1.00.
- Hirsuta decumbens.** Prostrate habit. The hairy foliage is completely covered with yellow blooms in May. Lovely and desirable. 75c.
- Horrida.** S. Choice and spiny, forming domes of silver green with yellow flowers in July. Very rare. 75c to \$1.50.
- Humifusa.** A very choice broom. Almost perfectly prostrate, with deep green smooth leaves and deep yellow flowers. Very slow growing. \$1.00 and \$1.50.
- Kewensis.** A showy and beautiful broom of low spreading habit, covered with creamy flowers in May. 12 in. 75c and \$1.00.
- Pilosa.** An attractive trailing species with hairy evergreen leaves and yellow flowers. Very slow growing. 50c, 75c and \$1.00.
- Radiata.** S. Much branched gray green spidery bushes. Small plants now. 75c and \$1.00.
- Saggitalis.** Similar to Delphiniensis but larger. 75c.
- Tinctoria fl. pl.** Valuable prostrate form with attractive double yellow flowers. Late. 75c and \$1.00.
- Versicolor.** For the large rock garden. To 3 ft. with arching pendulous branches clothed with cream, pink, and orchid blooms early in spring. Showy, attractive and rare. \$1.00.
- Villarsii.** Extremely slow growing with slender gray green stems and bright golden flowers. Very choice and rare. \$1.00.
- BRUCKENTHALIA Spiculifolia.** Dwarf heather-like plants with spikes of clear rose flowers in June and July. 6 to 9 in. 75c and \$1.00.
- BUXUS. Microphylla Compacta.** New, rare, extremely dwarf boxwood. Very slow growing. Foliage small and neat. A really choice plant, nice specimens. 75c and \$1.00.
- CALLUNA.** See Heather.
- COTONEASTER adpressa.** S. Deciduous, with low arching stems clothed in attractive wide foliage. Berries red. 50c, 75c.
- Humifusa.** (Dammeri.) Slender creeping stems; evergreen foliage. Solitary white flowers followed by red berries. 50c and \$1.00.
- DABOECIA.** See Heather.
- DAPHNE Blagayana.** S. A rare prostrate species with handsome fragrant creamy white flowers. A few only. \$3.00 and \$3.50.
- Mezereum.** Raspberry purple flowers in earliest spring. Sweet scented. \$2.00 and \$2.50.
- Mezereum Album.** The rare white form blooming February to April before the foliage. A few plants only. \$3.00 and \$3.50.

DRYAS Octopetala Minor. A very compact form, divided by half in all its parts, with the exception of the flowers, which are as large as in type. 75c each.

Sundermanii. Flat evergreen carpets of little oak leaves with dainty white flowers followed by silvery seed whorls. Good. 65c.

Tenella. A pretty miniature with tiny leaves. 75c.

GENISTA Lilac Time. A new dwarf upright shrublet of 18 in. with quantities of lavender flowers. Fall delivery. Young plants. \$1.00.

Radiata. A loose bushy plant of short gray-green twigs, yellow flowers. 75c.

HAMAMELIS MOLLIS. The rare Chinese witchhazel with large golden yellow flowers in winter. Sturdy plants. \$3.00 and \$3.50.

HEATHER

The dwarf heathers, which are such good shrubs for the rockery, are listed under so many scientific names that it is difficult for the ordinary gardener to keep track of them all; therefore we have sought to simplify matters by listing them all under one heading. There are no finer rock garden shrubs than the heathers; their foliage is always neat, and the fact that the different sorts bloom at different seasons, makes it possible to have one or another of them in bloom at almost any time of year. All heathers require a loose, peaty soil, and will be improved if they are cut back after flowering, as this tends to make them more compact. They need full sun to bloom well. We are very proud of our large selection. They are priced according to size and rarity.

CALLUNA. Low evergreen shrubs with bright flowers in long, rather dense spire-like racemes which appear in great profusion in late summer. The leaves are small and scale-like, and are arranged in 4's, so that the small branches have a four-angled appearance.

Vulgaris Alba Plena. Very large double flowers and particularly dark green foliage. 75c and \$1.00.

Vulgaris Alportii. Beautiful upright growing variety with dark foliage and rich crimson flowers. \$1.00.

Vulgaris Aurea. Lavender blooms produced late in the season. Rich golden bronze foliage all winter. Very showy. 50c and 75c.

Vulgaris Aureaefolia. A new import with upright growing beautiful golden foliage all season. Much admired and really handsome. Small plants. 75c and \$1.00.

Vulgaris Camla. A very fine form of low, spreading habit with very double soft pink flowers. 75c and \$1.00.

Vulgaris County Wicklow. Fine, ferny light green foliage and lovely double flowers of soft shell pink. 75c and \$1.00.

Vugaris Else Frye. A choice new double white. Showy and floriferous. Fine plants. 75c and \$1.00.

Vulgaris Foxii Nana. The tiniest of the tiny. A minute mat of bright green mossy foliage. 50c, 75c, and \$1.00.

Vulgaris J. H. Hamilton. Somewhat prostrate with deep green foliage and double flowers of soft, yet vivid, rosy pink. 75c and \$1.00.

Vulgaris Mair's Var. Tall and bunchy with bright green foliage and white flowers. 75c and \$1.00.

Vulgaris Mrs. H. E. Beall. Very lovely, soft pink double flowers in long spikes. Very free flowering. Choice. 50c, 75c and \$1.00

Vulgaris Mrs R. H. Gray. Very prostrate with bright moss green foliage and flowers of clear lavender pink. Quite distinct. 75c and \$1.00.

Vulgaris Mullion. Attractive lacy foliage and fine spikes of rosy lavender bloom. Showy. \$1.00.

Vulgaris Pygmea. Makes neat rounded tuffets with short spikes of lavender pink flowers. \$1.00.

Vulgaris Tib. Brilliant rosy pink very double flowers in long spikes. Showy and long lasting. Rare. New and most desirable. 75c and \$1.00.

ERICA. Heath. Much branched plants with small, narrow leaves and bright tubular or bell-shaped flowers. There are many varieties.

Carnea. Small, smooth leaves arranged in 4's, with showy bell-shaped flowers of soft pink with protruding anthers, which appear on the ends of the branches. Blooms all winter. 50c, 75c, and \$1.00.

C. King George. Beautiful dark toned flowers. Brilliant and colorful. One of the best. 75c and \$1.00.

C. Ruby Glow. A new importation with lovely red flowers. Very fine. 75c and \$1.00.

C. Springwood White. Very prostrate light green foliage and lovely long-tubed blossoms with attractive chocolate colored anthers. Fine. 75c, \$1.00 and \$1.25.

C. Vivelli. One of the very finest with dark, metallic purplish foliage and lovely, brilliant carmine flowers. It is a rather decumbent plant. 75c and \$1.00.

CILIARIS. Semi-prostrate with soft, hairy leaves and pitcher shaped blossoms.

Hybrida Dawn. New growth brilliantly colored. Large rich deep pink bells, all summer. 75c and \$1.00.

Hybrida Wych. Long spikes of lovely flesh pink flowers. 75c, \$1.00.

CINEREA. Dark short needle like foliage and vivid flowers in summer.

Cinerea Alba. Lovely white flowered form. 75c and \$1.00.

Cin. C. D. Eason. A dwarf compact form with fine spikes of brilliant red. Much admired. 50c, 75c and \$1.00.

Cin Startler. Vivid fuchsia purple blooms. 75c and \$1.00.

MEDITERRANEAN Hybrida White. Loose growing with white flowers in profusion. New. 12 to 18 in. 75c and \$1.00.

STRICTA. Pink flowers in late summer, shrubby growth to 3 ft. \$1.00 and \$1.50.

TETRALIX. Cross Leaved Heath. The grayish, hairy leaves are arranged in 4's. Produces large bells of soft dusty pink in pretty terminal clusters for many weeks. June-Oct.

George Fraser. Tall and sturdy with bluer foliage than the type. Lovely pale pink flowers. 75c and \$1.00.

Mollis Alba. Taller than tetralix and larger with lighter, hoary foliage and large flowers of purest white. 6 in. 75c, \$1.00 and \$1.50.

VAGANS. Cornish Heath. Smooth leaves, much like those of the carnea types, but somewhat larger. The bright bell-shaped flowers appear in clusters at the ends of the branches in late summer and fall. 50c.

V. Lyonesse. Good clear pure white with very green foliage. 75c, \$1.00, \$1.25 and up.

V. Mrs. D. F. Maxwell. Very free flowering. Lovely deep pink blossoms. June to Oct. 75c, \$1.00 and up.

V. Nana. A real dwarf sort with white flowers. Grows very low and spreading. Charming for the rock garden. 50c and 75c.

V. St. Keverne. Bright, clear pink flowers. July - Oct. 75c, \$1.00 and up.

Williamsii. A Vagans hybrid. A close shrubby plant with bright green foliage and rose pink flowers in late summer. \$1.00.

HEDERA arborea. S. or Sh. A rather stiff upright grower with attractive ivy foliage. 2 ft. 50c.

Conglomerata Minima. An attractive, non-spreading slow growing ivy, with close-set frilly leaves. 50c.

Needlepoint. A neat compact habit with small starry sharp pointed leaves. 50c.

HELIANTHEMUM. S. Rock Rose. Showy small shrubs for walls and rockeries with rose-like flowers. Very profuse bloomers.

Apenninum. White flowers. 1 in. across. 50c.

Oleanicum. A diminutive grower with tiny foliage and small but brilliant yellow flowers in profusion. Rare. 60c.

Vulgare. Mats of attractive foliage and many bright flowers resembling wild roses. The plants will maintain their compact shape if they are cut back rather sharply after flowering. Our named varieties are all raised from cuttings.

American Beauty. Properly named, with handsome single large flowers. 75c.

Anna Johnson. Handsome coral pink. 50c.

Apricot. Large apricot flowers and glossy foliage. 50c.

Ben Nevis. S. Brilliant yellow with a red spot. 50c.

Boule De Feu. Double crimson. 50c.

Brunette. Dusty red with a deeper central ring. 50c.

Buttercup. Clear golden yellow. 50c.

Chocolate Queen. Frankly not chocolate, but a very full double burnt orange. 50c.

Double Apricot. Full double flowers, rich apricot tone. 50c

J. Ford. Nice tomato red. 50c.

Jack Scott. Gorgeous tomato red, a strong grower. 50c.

Mrs. Mould. A new English import with fringed petals of salmon rose. 50c.

Ben Nevis. S. Brilliant yellow with a red spot. 50c.

Rose Glory. Large flowered rose pink. Striking. 50c.

St. Mary's. Extremely large white flowers. Striking. 60c.

Tigrinum. Fine single orange. 50c.

HYPERICUM aureum. Striking new shrub—early and persistent bloomer. Small yellow flowers in clusters all season followed by shiny berries changing color from yellow through pink to red and black. Much admired by garden visitors. Showy from April to Nov. 2 to 3 ft. \$1.00.

HYPERICUM Buckleyii. Wiry little bushes of 6 in. with gray green foliage and attractive yellow flowers. 75c.

JASMINIUM Parkeri. An attractive rounded bushling with finely divided leaves and green stems. Large yellow flowers in summer. Choice and rare. \$1.00.

KALMIA latifolia. Eastern mountain laurel. Handsome, medium sized evergreen shrub with showy pink flower clusters. Young plants only 75c and \$1.00.

KALMIA microphylla. S. Narrow dark green leathery leaves and fine heads of pink flowers. 1 ft. or less. Fall delivery. 50c and 75c.

LAVENDULA. S. D. Lavender. Delightful plants with fragrant gray leaves and violet flowers. Listed in perennial section.

PERNETTIA Mucronata. Much branched low growing evergreen shrub with colorful masses of showy fruits all winter.

Alba. Handsome waxy white berries. 75c and \$1.50.

Coccinea. Bright red form. 75c to \$1.50.

Rosea. Lovely coral pink. 75c to \$1.50.

Male Form. Like the hollies, Pernettrias need both male and female plants to produce berries. Pollenizers. 50c and 75c.

PERNETTIA Nana. A charming wee form only 3 to 4 in. high, with lavender pink berries. \$1.00.

PIMELEA Coarctica. Rare. New Zealand Daphne. Glaucous foliage and tiny fragrant white blooms followed by pearly berries. Prostrate. 50c and 75c.

POLYGALA Chamaebuxus. S-sh. A dwarf shrub with small dark evergreen leaves and dainty pea-shaped flowers of yellow and white tipped with rose or crimson. 4-6 in. 50c and 75c.

Chamaebuxus purpurea. Pretty yellow and purple pea-shaped flowers. Good rock plant. 75c and \$1.00.

Vayredae. A prostrate bushlet of an inch or two with very narrow dark green leaves and flaming purple and gold blossoms. Rare and lovely. \$1.00.

POTENTILLA Fruitcosa Purdomi. An attractive shrublet with 2 ft. stems and many yellow strawberry like blossoms over a long period in spring and summer. 75c and \$1.00.

F. Vilmoriana. Silvery pubescent foliage and creamy white flowers 2 ft. 75c and \$1.00.

F. Wilsoni. Grayish foliage and yellow flowers. Compact and delightful. 75c and \$1.00.

RHODODENDRON SPECIES. These small, slow growing species with their wealth of bright bloom make ideal rockery plants. They require acid soil. We have withdrawn them for the present but expect to have an adequate list next year.

ROSA. Rose. S. These are dwarf species suitable for the rockery. Withdrawn for the season.

ROSMARINUS Officinalis. An excellent evergreen shrub-like plant for dry places in the rockery or border. Spikes of leafy, grey and green, aromatic foliage, with small clusters of lilac flowers. Should be pruned back each year. 50c.

SALIX Montana Species. A neat round leaved grower of spreading habit. 4 to 6 in. high. Exact species unknown. 75c.

SALIX Purpurea Nana. S. Dwarf purple stemmed willow. Grows 18-24 in. Shears well for low hedges. Attractive blue gray foliage. 50c and 75c.

SALIX Tortuosa. Contorted willow. Branches curiously twisted and contorted. Makes a small tree in time. Artistic and interesting. Nice plants. \$1.50 each.

SARCOCCA Hookeriana humilis. Lower growing and with more pointed leaves than *Ruscifolia*. 50c, 75c and \$1.00.

SARCOCCA Ruscifolia. Sh. Delightful low growing rather globular bushlet with small pointed lustrous evergreen leaves. Attractive black purple berries. 50c.

SPIRAEA Bullata. Dwarf shrub with dark, crinkled leaves and rose pink blooms in attractive corymbs. Choice. 12-15 in. 75c and \$1.00.

Hendersonii. Dense mats of silky rounded leaves and heads of creamy white bloom. A rare and choice Western native shrub. Stock limited. Write for prices.

Normanii. Very dense, compact bushlet, with wiry stems and bronzy foliage, which turns raspberry purple in fall. Rosy pink flowers. Outstanding. 6 in. 50c and 75c.

STYRAX Obassia. A handsome little known tree of slender pyramidal growth with attractive foliage and panicles of waxy orange blossom like fragrant flowers. \$1.00 and \$1.50.

STYRAX Japonica. A graceful vase shaped small tree with clouds of lovely waxy white bells hanging from every branch or twig. Sometimes called Japanese Snowdrop tree. \$1.00 and \$1.50.

TEUCRIUM. Chamaedrys. S. A rounded bush with glossy evergreen foliage and a profusion of bright, rose colored flowers in spikes. July-Sept. 12 in. 50c.

Chamaedrys Prostratum. A low growing form with spreading dense mats of foliage. 50c.

VACCINIUM. Interesting shrubs with beautiful leaves and showy berries.

Vitis Idaea. Mountain Cranberry. A low shrub with shiny, rounded, evergreen leaves and light pink, globular blooms followed by persistent red berries. 9 in. 50c and 75c.

Vitis Idaea Minor. A rare dwarf form of the above from Kodiak Island.

A delightful miniature, slow growing and compact. 75c and \$1.00.

VIBURNUM Opulus nana. Dwarf snowball. Compact wiry stemmed shrub-let with bronzy foliage. Bare stems turn red in winter. 50c and 75c.

DWARF CONIFERS

These delightful little trees make excellent accent points for the rockery, and provide a variety in texture, as well as giving interesting winter color. They are small, slow growing varieties which will not become too large and have to be replaced after a year or so. Many of the varieties listed below are rare sorts which we have imported.

ABIES grandis nana. Rare and lovely dwarf fir of tight rounded form with blue gray foliage. Very slow growing. Much admired in the garden. A few only. \$3.50.

CHAMAECYPARIS. Interesting small trees with fine, soft foliage.

Cyano Viridis. A handsome compact grower with colorful blue gray fine cut foliage. Bushy plants. \$2.00 and \$2.50.

Lawsoniana Var. Forsteckenensis. A gray green globular grower with attractive foliage. Dwarf and slow growing. \$2.50 to \$3.50.

Lawsoniana Minima Glauca. Compact growing clumps of gray green lacy foliage. \$3.50 and \$4.00.

Lawsoniana Nana. Neat growers, wider than high. \$2.50 and \$3.00.

Pisifera Var. plumosa minima. Very slow growing. Compact. Makes rounded clumps of lacy foliage somewhat wider than high. \$2.50 to \$4.00.

Pisifera Var. plumosa minima variegata. A golden variegated form. \$2.50 to \$4.00.

Psisifera Var. Squorrosa Pygmea. A very compact, gray globular form. A true dwarf. Very slow growing. \$2.50 to \$4.00.

CRYPTOMERIA Japonica Nana. Compact, light green globular bush. Will not exceed 18 in. \$1.00 and \$1.50.

JUNIPERUS. Juniper. Grayish or golden foliage, with rather stiff, spiky leaves and blue berries.

Communis Compressa. When mature, this makes a perfectly conical dwarf tree of absolutely regular form. Young plants are more open, but tighten up with age. The foliage is glaucous green, and the plants grow very slowly. \$1.00 and \$1.50.

Communis Nana. A compact growing form with mats of lovely blue gray foliage. Much admired. 75c and \$1.00.

PICEA. Spruce. Dense headed trees with stiff, pointed needles.

Albertina Conica. Forms a perfect pyramid of fine, deep green foliage. Very slow growing. \$1.00 to \$3.50.

Excelsa brevifolia. A tight growing short needled form. \$1.00 to \$3.00.

Excelsa clanbrasiliiana. A very compact, broadly conical, dark green with short, crowded branches. \$1.00 to \$3.50.

Excelsa Nidiformis. Dwarf, rounded compact form, densely branched with stiff, short needles. \$1.00, \$1.50, \$2.00 to \$4.00.

Excelsa Oldhamiana. Well rounded compact form, growing slightly larger than the other species listed. Nice plants. \$2.50 to \$5.00.

Excelsa procumbens. Prostrate Spruce. Forms low mats with numerous short branches densely clothed in short, pointed needles. \$2.00 to \$4.00.

Excelsa repens. Prostrate, with flattened, somewhat decumbent branches and short, sharp needles. \$1.00, \$1.50, \$2.00, \$2.50 to \$4.00.

Excelsa Sherwoodii. Stiff spiny and irregular growing. Small plants. Rare. \$1.00 and \$1.50.

IRIS SECTION

We have so many kinds of irises, that it seems easier and better to devote a section of our catalog entirely to them. Even then we do not feel that we have done them justice in our descriptions of them; they are so varied and so individual. This is especially true in the case of the iris species, which differ so greatly in size, habit and general requirements. We feel sure that if they were better known, the iris species would be much more extensively planted. If they are chosen with care, it is possible to have some species or variety of iris in bloom at almost every season of the year.

We are glad to have you visit us at any time, for we almost always have some sort of iris in bloom, and it is much more satisfactory to select your plants when you can see them in bloom. If you can't come to see us, we will be glad to give you additional information by letter.

BEARDLESS IRIS SECTION

Arenaria. Sand Iris. Very dwarf, with lovely bright yellow flowers. 1 to 3 in. Free flowering. April. 75c.

Bracteata. Wide, scanty foliage. Large, deep yellow flowers, veined brownish purple. Choice Oregon native. 6 in. 75c.

Buileyana. Rather narrow leaves, and flowers blotched and veined blue on a white ground. May-June. 18 in. 50c.

Carolina. Flowers lilac with purple variegations. Leaves bright green. 2-3 ft. 50c.

Chrysographes. Narrow foliage and deep velvety purple blooms with golden or white veins. 2 to 3 ft. 75c.

Black Form. Flowers exquisite black velvet, unique and lovely. 18 in. New. \$1.00.

Dwarf Hybrids. Low growing forms. Varied colors. 75c.

Rubellum. Wine red 18 to 24 in. \$1.00.

Chrysophilla. Lovely low evergreen species with white or soft yellow flowers veined purple. Oregon native. 6 in 50c.

Chrysofor. Hybrid Chrysographes and Forrestii. Variable. Attractive combination of blue shades with yellow. Tall form, 50c. Dwarf, 50c.

- Cristata.** A lovely little species with tiny, wide open lavender flowers with darker marking and golden crest. 2 in. 50c.
- Cristata Aba.** S-sh. A rare white form of *Cristata* with light green leaves. Singularly pure and lovely. 60c.
- Dorothea K. Williamson.** Deep velvety purple flowers of unusual beauty and substance. 50c.
- Gracilipes.** S-sh. Dainty crested small flowers of light pinkish mauve on slender, wiry stems. Crest bright orange. 6 in. 60c.
- Gracilipes Alba.** Exquisite white form of this lovely species. New and rare. \$1.00.
- Gracilipes Floreplena.** Blue Rose. A rare and lovely double form. The color is similar to the type and on established plants, produces blooms of more than 30 petals. \$1.00.
- Giganticoerulea.** A lovely tall species with fine light blue blossoms on sturdy stems. 75c.
- Gormanii.** Similar to *tenax*, but with soft yellow flowers. Choice. 75c.
- Hyacinthiana.** Ensata type. Charming creamy white flowers pencilled blue. Drought resistant, early blooming. 50c.
- Graminea.** Violet and blue flowers. Plum scented. 8 in. 50c.
- Innomonata.** S-sh. The most beautiful Western native with a color range from soft deep yellow and glowing orange and from light to dark blue or lavender. Some are selfs and others pencilled red or brown. Evergreen foliage. 6 to 10 in. Mixed colors 75c.
- Innominata. Dr. Riddle strain.** S-sh. Seedlings from a wonderful collection embracing many shades of lavender, purple, orange and yellow. These are extra fine. \$1.00.
- Gold River collected.** Extra fine deep yellow. \$1.00.
- Japanica.** S-sh. Dainty, frilly orchid-like blossoms of soft lavender with orange crests, in airy sprays. Early. 50c.
- Lacustris.** Similar to *cristata*, but with smaller, darker flowers. 50c.
- Laevigata.** Flat, broad velvety red purple blooms and narrow foliage. 50c.
- Laevigata Albo-Purpurea.** Flat blossoms with a white ground flecked blue purple. Bog or ordinary garden conditions. 14 in. 75c.
- Laevigata Semperflorens.** Lovely flowers of uniform deep blue with a striking yellow blotch on the falls. Blooms continuously from mid-summer till frost. Bog. 2 ft. \$1.00.
- Mellita.** A small bearded species with sickle shaped foliage. Flowers yellow green or pale blue. 4 in. \$1.00.
- Milesii.** Similar to *Tectorum*, but with smaller flowers on taller stems. 50c.
- Prismatica.** Lilac purple blooms with yellow throat and darker veins. Very dainty and desirable. 16 in. 50c.
- Ruthenica.** Dwarf, with deep blue-purple flowers. Rare. Good. 60c.
- Setosa.** Rather broad foliage with bright blue flowers. 50c.

- Stylosa.** (Unguicularis). Winter blooming iris. For mild climates. The deep blue flowers are borne amid the grassy foliage on perianth tubes 8 in. long. Very lovely. 50c.
- Stylosa Angustifolia.** Narrower foliage and paler blooms than the type. Early. 50c.
- Stylosa Orchid striped.** A rare new color form with a few violet markings on an orchid ground. \$1.00.
- Stylosa Marginata.** A large form with broader, more abundant foliage, longer stems and larger flowers. 50c.
- Stylosa Marginata Alba.** A lovely white form of the above. \$1.00.
- Stylosa Queen Elizabeth.** A low growing form with handsome lavender blue flowers. Stock limited. \$1.50.
- Tectorum.** Violet blue, frilled petals. Very large, wavy crest. Interesting and lovely. 12-15 in. 50c.
- Tectorum Album.** A lovely white form. Beautiful golden crest. 75c.
- Tenax.** S-sh. Fine lavender blooms and grassy foliage. 10-12 in. 50c.
- Tenax Selected.** Lovely color forms varying from white and buff through lavender to purple. These are forms especially selected for their fine colors. Mixed shades. 75c.
- Tenuis.** S-sh. Attractive Oregon native with wide light green foliage and snowy white flowers veined lavender and yellow. Rare 75c.
- Verna.** Sh. Lovely dwarf bright blue flowers with gold patch on the center of the falls. Acid soil. 50c.
- Wilsonii.** A rare species with yellow flowers somewhat veined with brown on the center of the falls. 24 in. 75c.

JAPANESE IRIS

Japanese irises are very valuable because they bloom later than almost any other sort. The beautifully colored flowers are larger than those of other irises, and are well adapted for use as cut flowers. They grow well in sun, but will do well in half shade also. They like acid, and will thrive in a moist situation, but will grow well and bloom under ordinary garden conditions if given plenty of moisture before the blooming season. The number in parenthesis after the name indicates the number of petals.

- Agnes Reed.** (3) Mulberry purple with a halo of royal blue. 50c.
- Betty Holmes.** (6) Large fine white with drooping falls. 75c.
- Blue Eagle.** (6) Very large blue violet petals of heavy texture, white in center. Outstanding. \$1.00.
- Calvin Coolidge.** (3) White, shading to blue lavender, with a deeper center. 75c.
- Carolynn.** (3) Large light violet touched with blue around a yellow bar. Appealing. \$1.00.
- Choisei-Den.** (6) Ruffled claret and white. 75c.
- Columbia.** (6) Gray ground with bluish lavender veins. Yellow bar. 50c.
- Condor.** (6) Flat red flower with a golden center. Large. 75c.

- Doris Childs.** (3) Pearl white with plum veined center. 50c.
- Elbrus.** (6) Large ruffled flowers of azure blue. Mid season. 75c.
- Eleanor Parry.** (6) Claret red, flamed white and blue. 75c.
- Ethel J. Marshall.** (3) White ground laced violet, deep violet standards. 75c.
- Fascination.** (6) Large pinkish lavender with prominent central yellow bar highlighted with blue. 75c.
- Frances E. Cleveland.** (6) Large lavender blue. Handsome. \$1.00.
- Goko.** (3) Mottled blue on white Very wide petals. 50c.
- Gold Bound.** (6) Large pure white flowers, very floriferous. 50c.
- Grace Sperling.** (3) Blue lavender with light blue halo. 75c.
- Harbinger.** (6) Very deep purple with golden center. Early. 75c.
- Hebe.** (6) White ground with opalescent flush. 75c.
- Hercule.** (6) Large ruffled petals of varied light to violet tones. 75c.
- Hopi Girl.** (3) Rich wine red. Lovely. 75c.
- Jeanette Parry.** (3) White feathered violet at center. 75c.
- Josephine Heywood.** (3) Very tall fine textured lilac, touched with blue at the center. \$1.00.
- Kamata.** (6) Free flowering medium blue with light center. 75c.
- Katsura Toka.** (3) Gray white ground heavily pencilled with violet. Brilliant purple standards and prominent yellow bar. \$1.00.
- Kyodosan.** (6) Lovely wisteria pencilled with white. Choice. 75c.
- La Favorite.** (6) Large ruffled white with opalescent lavender center. General effect white. 75c.
- La Tosca.** (6) White ground with wisteria violet veining. Large flowers. \$1.00.
- Lavender Giant.** (3) Lavender pencilled in deeper tone, wide rounded petals with a silver sheen. \$1.00.
- Lavender Queen.** (3) Soft lavender. 50c.
- Light in the Opal.** (6) Outstanding light pink of medium height. Blue halo. \$1.25.
- Lucie Marshall.** (6) Violet, white veined center, white and yellow blotch. 50c.
- Mahogany.** (6) Deep mahogany red, yellow in center, very tall and attractive. Late. 75c.
- Margaret Hendrickson.** (6) Soft light blue with wavy petals. Very lovely. \$1.00.
- Mary Gory.** (6) Deep violet, marked with blue near central white bar, veins white. 75c.
- Mata Hari.** (3) Light orchid pink self. Tall, vigorous and very lovely. \$2.00.
- Melpomene.** (3) Very late, gray blue ground, pencilled red violet. 75c.
- Mirage.** (3) Light pink with a light blue center. \$1.00.
- Moonlight Waves.** (6) White. 50c.
- Morning Mist.** (3) (Zamo-no-mori) White with opalescent overtone. Light blue, shaded darker with a bright orange center. \$1.50.

- Mountain Glacier.** (3) Large white, subtly tinted with frosty blue tones, profuse bloomer. 75c.
- Mrs. Geo. Stumpff.** (3) White shaded soft blue. Handsome. 75c.
- Mrs. J. A. Hayden.** (6) Pale lavender shaded white at the center. 75c.
- Mrs. Walter Boychuk.** (6) Wisteria lavender, flamed blue, near the center, prominent yellow bar, lovely. 75c.
- Nishika.** (3) Large rosy purple mottled white. 50c.
- Norma.** (6) Lavender pink with a light blue halo surrounding a yellow blotch at center. \$1.25.
- Otomene.** (3) Tall royal purple with smoky overlay. Very large and fine. 75c.
- Painted Lady.** (3) White center, marked with light phlox purple, tufted white with darker edge. \$1.00.
- Pluton.** (6) Tall handsome blue, shaded violet. 75c.
- Priam.** (3) Large white, variably flushed light blue. 75c.
- Purple Glory.** (3) Velvety rich red purple. Lovely. \$1.25.
- Pyramid.** (6) Dark violet suffused blue around central yellow bar. Prominent petaloids. 75c.
- Red Cloud.** (6) Red, white and yellow in the center. Late. 50c.
- Red Emperor.** Deep red, very large; early. \$1.00
- Red Riding Hood.** (3) Fine amaranth veined and suffused white. 75c.
- Reine Des Bulgars.** (3) Exquisite large light blue. Free flowering. 50c.
- Repsime.** (6) Light lavender blue with white marking. Late. 75c.
- Rose Anna.** (6) Gray with deep red purple veins shaded darker around the yellow zone. 75c.
- Rose H. Sheepers.** (6) Mauve, overlaid with blue, ruffled petaloids. 75c.
- Ruffled Monster.** (6) Violet blue with white center. 75c.
- Seacrest.** (6) White flushed lavender with darker stripes. 75c.
- Shadow.** (3) Heavy blooming, tall reddish purple. \$1.00.
- Shirugu.** (6) Bright blue, very double ruffled petals. 75c.
- Stasha.** (3) White throat marked deeply at edge of petals with blue violet. Very graceful, late. 75c.
- T. S. Ware.** (6) Reddish violet veined white. 75c.
- True Blue.** (6) Large velvety violet blue. Rich and lovely. 75c.
- Violet Herrington.** (6) Violet with a high tufted center. 75c.

- Wisters Favorite.** (3) Nearly sky blue with violet shading. Exquisite. \$1.
- Yomani-uni.** (6) Handsome sky blue. Much admired. \$1.00.

SIBERIAN IRISES

Siberian irises are not nearly so well known as they deserve to be. This is largely due to the fact that the newer varieties are not well known. Until you have grown a few of the newer Siberian irises, you will have no idea how greatly they have been improved in size and color in recent years. They are graceful and lovely, and make excellent cut flowers, lending themselves well to flower arrangements. They will grow in semi-shaded and boggy situations, although they are just as well suited to regular garden conditions. They prefer a slightly acid soil.

- Acuta.** Scarce little dwarf in ruffled blue and white, for edgings or rockery. 50c.
- Amelia Earhart.** Medium deep blue self, flaring. Excellent in color, substance and finish. 40 in. 50c.
- Blue Charm.** Delightful light blue with large standards, and round horizontal falls. 35 in. 50c.
- Blue Ridge.** Silvery light blue with turquoise mid rib. Late. 50c.
- Blue Star.** Fine contrast in light and dark blue. 30 in. 50c.
- Blue Wings.** Late intense china blue, with contrasting lighter stigmas. 30 in. 50c.
- Caesar.** Beautiful dark purple with flaring falls. 50c.
- Caesar's Brother.** Very fine black purple. Does not fade. 50c.
- China Blue.** Lovely new light blue with flaring falls. \$1.00.
- Cool Spring.** Widely branched stalks with many charming pearly blue flowers. 30 in. \$1.00.
- Duchess of York.** Large deep blue with broad circular falls. 50c.
- Emperor.** Outstanding velvety purple. Fine form. 4 ft. 50c.
- Eric, the Red.** Extremely large flowers with broad flaring falls of intense wine red. The standards are large and of the same glowing red. Many flowers on tall, well branched stalks. Brilliant, distinctive and lovely. 42 in. \$2.00.
- Gatineau.** Wonderful, clear medium blue with large flowers on tall sturdy stem. 36 in. 50c.
- Heavenly Blue.** An exquisite rich blue. 4 ft. 50c.
- Helen Astor.** Standards wide and slightly fluted. Falls broad and round, lovely rosy red with white throat. 30 in. 75c.
- Kingfisher.** Showy rich violet. Falls have a white center. 52 in. 50c.
- Kootenay.** Similar to Gatineau but shorter. 50c.
- Llewellyn.** Electric blue. 46 in. 50c.
- Miss Duluth.** Dark violet with velvety falls. 50c.
- Morning Magic.** Soft lavender suffused rose. Early and tall. 50c.
- Natick.** A large, beautiful clear blue. 50c.

Periwinkle. Good porcelain blue with flaring petals. Particularly good stems. 34 in. 50c.

- Marocain.** Deep velvety purple. 5 in. 40c.
- Mauve Mist.** Mauve, lavender and blue. Attractive. 50c.
- Max.** A fine ruffled yellow. 5 in. 40c.
- Moon Gleam.** Sulphur yellow self with semi-flaring falls. Fine light yellow. 75c.
- Negus.** Intense purple self, orange beard. 5 in. 40c.
- Niobe.** Dark purple self. White beard. 5 in. 40c.
- Purple Beauty.** Rich deep purple. 6 in. 50c.
- Reflection.** Medium blue. Edged pale yellow. Distinct. 40c.
- Rose Mist.** Soft mauve pink. Unusual color. 40c.
- Sound Money.** Extra good, deep yellow. 40c.
- Tampa.** A new red toned dwarf. 50c.
- Tiny Tony.** Rich red purple. Small, slender and lovely. 50c.
- Tiny Treasure.** Bright canary yellow with wide falls. 75c.
- Yellow Frills.** Lovely ruffled golden yellow. 50c.

CHRISTMAS GREENS

We are especially fortunate in being situated in a part of the country in which many different types of evergreens grow to perfection. Each wreath is an individual creation, differing slightly from all others and utilizing material from many different areas.

We have developed two types of evergreen wreaths. The larger sort is made from rather long sprays and ornamented with berries and pine cones. We often add sprays of plain or variegated holly and berries, as this makes them more colorful. A wreath of this type, made on a 10 in. frame will be about 24 in. wide when finished. They sell for \$5.00 each. We will be glad to make more elaborate ones to order at \$5.50 and up.

The smaller kind of wreath is more compactly made of shorter branches, smaller cones and juniper berries and holly, so that it is not so large or wide when finished. These are very dainty wreaths, suitable either for doorways or for inside decorations. We make them in several sizes at \$2.50, \$3.00, \$4.00 and \$4.75. The \$2.50 wreath is made on an 8 in. frame and when finished is about 14 in. wide. Larger sizes are in proportion.

Short needle pine wreaths are also available and may be trimmed with holly, cones and ties. These run \$4.00 to \$6.00 according to the elaborateness of decoration.

We can make you attractive door sprays of evergreen, cones and holly. They can be decorated with copper, brass or wooden bells and tied with a ribbon of just the proper sort, if you choose. Prices range from \$3.00 to \$5.00 and up.

We have a variety of bamboo baskets and trays which make up beautifully for centerpieces. We use holiday greens, cones, pods, and or wired Christmas tree balls in gay colors. Prices range from \$4.00 to \$7.50. Write for further details.

We can also supply selected Oregon-grown holly, well berried, at 75c per pound.

The price of wreaths, sprays and holly as quoted does not include transportation charges nor the cost of boxes for shipment. Boxes are billed at cost, from 25c to 35c, according to size.

If possible, place your orders by the first of December, so that we may give them proper attention and make sure they arrive in due season for your adequate enjoyment.
